STORM DEATHS IN SOUTHERN U. S. 1,000

Hurricane Lashes Alabama Coast After Sweeping Southern Florida

KING CABINET IN POWER THIS WEEK

Meighen States His Ministry About Ready to Resign; Affairs Wound up

Cabinet Meeting To-morrow; Ottawa is Centre For Many Visitors Now

Ottawa, Sept. 20.—Premier Meighen announced after a meeting of his Cabinet to-day that the resignation of the Government would be tendered this week. The ministers are rapidly closing out the work of their departments.

A further meeting of the Cabinet is scheduled for to-morrow morning.

Scores of M.P.'s-elect and unsuccessful candidates in the recent general election arrived in the capital this morning from the West, from Quebec and Ontario and from the Maritime Provinces. In hotel lobbies it looks like the most active days of a parliamentary session.

The Liberal members of the new Parliament, of course, are all intensely interested in the ministry that is to be formed within the next few days.

CONVERSATIONS HELD

Rt. Hon. Mackenzie King to-day saw no one until this afternoon, when he received a number of former ministers who had been summoned to Ottawa.

Robert Forke is here from Brandon and gossip continues to associate his name with the Department of Agriculture.

RALSTON MENTIONED

Rumors of cabinet posts for the eastern provinces still include Lieut. Colonel J. L. Ralston, K.C., who was defeated in Halifax last Tuesday. Colonel Ralston is in Ottawa. Hon. H. H. Stevens and Hon. S. F. Tolmie are due here this evening and will attend to-morrow's conference of the members of the Meighen Cabinet.

GOULD MENTIONED FOR SENATE SEAT

Report in Quebec Political Circles He Will Enter Upper House

Montreal, Sept. 20.—A special dispatch to The Montreal Gazette from Quebec says:

"In generally well-informed Liberal circles here it is stated Sir Lomer Gouin, former Premier of the Province and former Federal Minister of Justice, will be one of the prominent statesmen from this province to enter the Senate to fill the two vacancies in the Montreal district, now existing through the deaths of Senator L. O. David and Senator A. A. Thibault. It is understood Hon. L. A. Hanahan David, Provincial Secretary, will be given first choice for the succession to his father's seat, but that efforts are being made to retain him in provincial politics.

"Also Donald Raymond is prominently mentioned as the second Montreal Senator.

MASSEY AS GOVERNOR

"It is stated also in the same circles that most likely Hon. Vincent Massey will become Lieutenant-Governor of Ontario, succeeding Lieut.-Col. Henry Cockshutt, whose term of office has expired."

FLOOD WATERS IN IOWA ARE RECEDING

Four Persons Known to Have Lost Lives; Property Losses Total Millions

Sioux City, Ia., September 20.—Flood waters receded to-day in northwestern Iowa, leaving in their wake damage estimated at \$5,000,000.

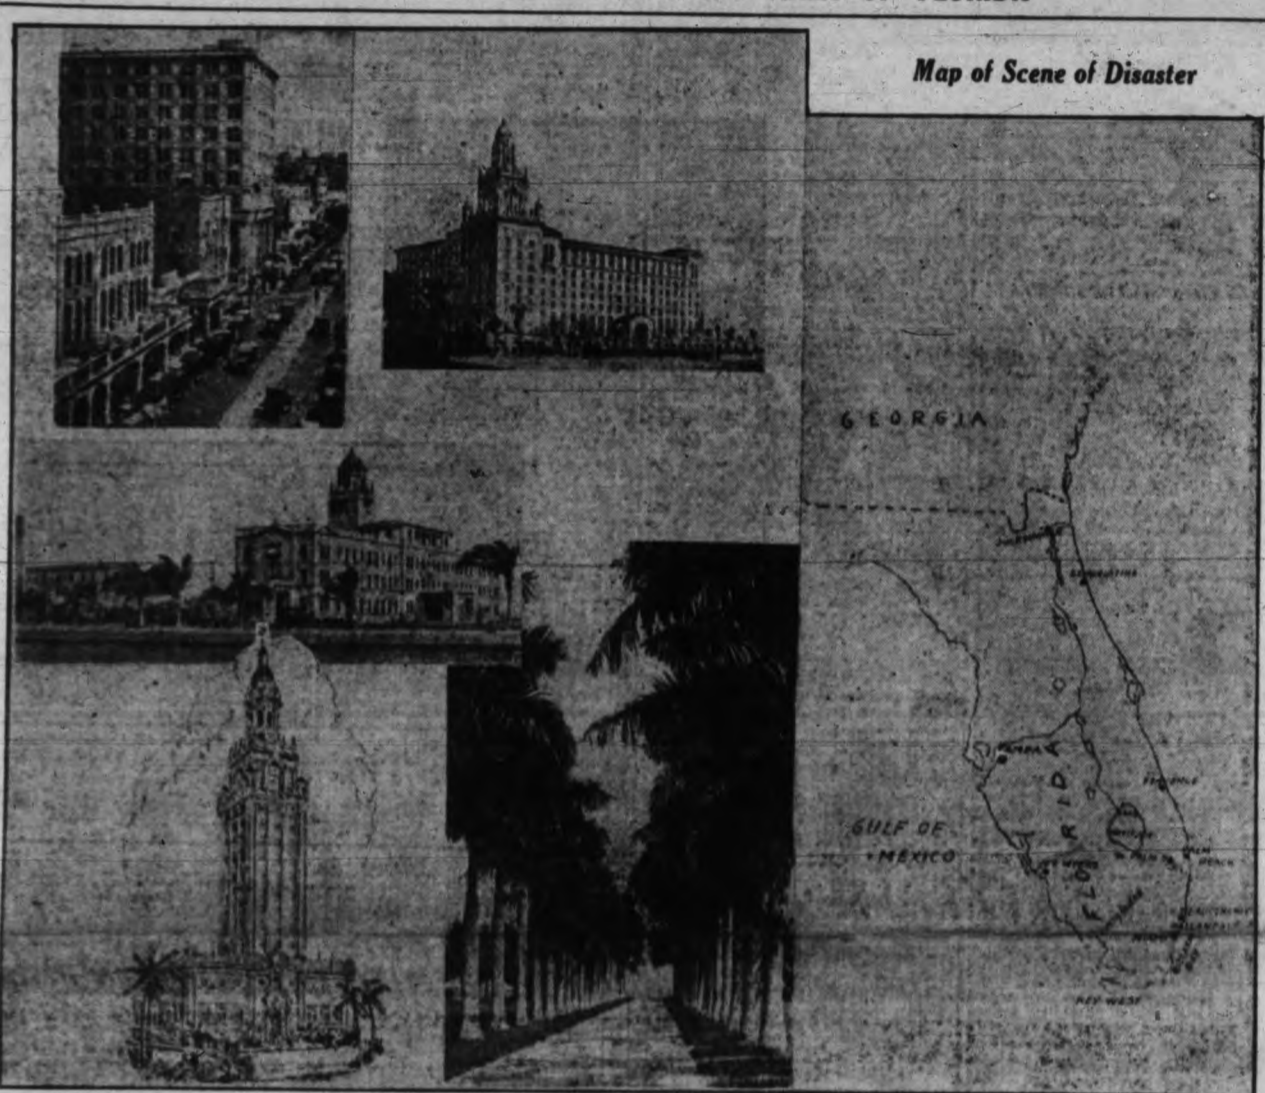

The principal damage occurred along the Missouri and Big Sioux Rivers and their tributaries, which were fed by torrential rains Friday night.

Railroad losses were estimated at \$2,000,000.

Sioux City has not completed its check, but a conservative estimate of the damage is placed at \$300,000. The city of Hawarden also suffered loss at that figure. Farmers suffered huge crop and property losses.

Four persons are known to have lost their lives. Reports of twenty-one other deaths could not be confirmed.

BUILDINGS IN HURRICANE-SWEPT AREA OF FLORIDA

A glimpse is given above of one of the chief streets of Miami, Florida. The buildings along it, the big Roney Plaza Hotel at Miami Beach, shown to the right of that picture, the Allison Hospital at Miami Beach, and the Miami News Building, shown below, all now show scars received during the storm. Below is shown a view of one of the famous avenues of Royal palms at Miami.

Map of Scene of Disaster

SCATTERED DETAILS FROM AREA OF FLORIDA STORM SHOW GREAT DISASTER

Estimates of Deaths in Hurricane Range From 800 to 1,500; Thousands Injured; 38,000 People Made Homeless; Area From Palm Beach to Southern Tip of Florida Swept by Violent Wind; Latest Reports Say Pensacola, Florida, and Mobile, Alabama, in Grip of Hurricane; Aid Rushed to Suffering Thousands

With the deaths in the great hurricane which swept Southern Florida Friday night and Saturday morning estimated at between 800 and 1,500 and the property losses estimated at \$150,000,000, reports came to-day that the storm had driven northward. At 10 a.m. Mobile, Alabama, was being swept by a wind of 104 miles an hour. Dispatches stated that all telegraph and telephone communication between New Orleans and Mobile was severed shortly before noon to-day. The Tropical Radio Company reported a short time later that its station at Mobile reported a 100-mile gale at 1 o'clock, with the barometer down to 29.05.

Jacksonville, Fla., Sept. 20.—A hurricane driving at 100 miles an hour swept into Pensacola shortly after 11 o'clock to-day, the Southern Bell Telephone Company was advised by its Pensacola office.

Washington, Sept. 20.—The weather bureau this morning said the storm was central at 8 a.m. a short distance south of Pensacola. The centre would move inland this afternoon, the report said, and would advance northward over Alabama and Eastern Mississippi with rapidly diminishing intensity.

Hurricane warnings remain displayed from Burrwood, La., to Palachicola, Fla.

Mobile, Ala., Sept. 20.—All communication with Pensacola, Fla., has failed. Efforts were made to communicate with the city by radio from Mobile, but the aerial at the local station was damaged by the high winds here and put out of commission.

The weather bureau here reported at 7.20 that the wind velocity had reached 100 miles an hour at Pensacola.

Jacksonville, Fla., Sept. 20.—Efforts to communicate by telephone with six towns northwest and near Pensacola, reported to be in the path of a 100-mile an hour hurricane, were unobtainable this morning. Telephone people reported wire trouble was acute in the area.

REFUGEES LEAVE

Miami, Sept. 20.—Scores of automobiles were leaving here hourly to-day with refugees, for the most part families with children, for whose health there was concern due to the scarcity of milk and the lack of proper sanitary facilities.

Identification of the dead in the various sections was proceeding slowly as search continued for additional bodies.

WIND OF 94 MILES

New Orleans, La., Sept. 20.—A long distance telephone communication to the Associated Press this afternoon from Mobile said the city still was being swept with unabated fury by the storm at 3 o'clock this afternoon.

The wind was blowing at the rate of ninety-four miles an hour and the barometer had dropped to 29.22.

Birmingham, Ala., Sept. 20.—A fast train bearing bridge and construction gangs left here at noon over the Louisville & Nashville Railroad for the hurricane-swept areas of Mobile and Pensacola. Right of way was ordered for the train as far south as tracks are safe.

Many residents of Mobile sought safety in downtown hotels and office buildings, according to messages received. After a wireless message saying safety was being sought, received by the Warrior River Barge Service at Birmingham, Mobile being silent, as the wireless had failed.

SERVICES IN CHURCHES

Most business was suspended, street car service was tied up and church services were held. The city, however, was thought to be able to weather the storm with its buildings built to withstand just such a hurricane.

The Western Union was working one desultory wire to Mobile. The last word from the Mobile operator said the roof of the Western Union building was leaking badly.

TOWN HAD HIT

A report from Georgiana, Ala., said that town was hard hit.

The Western Union operator at Mobile, said the wind there was eighty-six miles an hour and increasing. He said the storm was veering westward.

DEATHS ESTIMATED

West Palm Beach, Fla., Sept. 20.—As daylight broken over the devastated area of Southern Florida to-day, revised estimates placed the number of dead from the tropical hurricane at approximately 800, with 300 actually known to have perished.

hundreds injured and scores of millions of dollars in property laid in ruins.

(Concluded on page 2)

MUCH OF FLORIDA SCENE OF DESOLATION

Playground of Eastern United States Now an Area of Suffering and Loss

Homeless in Hurricane-swept District Are Estimated at 38,000

West Palm Beach, Fla., Sept. 20.—Southeast Florida, lashed by a violent hurricane for nine hours Friday night and Saturday, early to-day had an estimated death list of more than 1,000 and property damage in excess of \$125,000,000, with indications that the toll would mount still higher. The "playground of America" was metamorphosed into a scene of desolation over a wide area. Pleasure resorts were turned into temporary morgues and hospitals and trains bearing physicians and nurses were arriving in the storm-torn city from many directions. Houses and office buildings were crowded with refugees. The palm beaches on the fringe of the town escaped the heavy damage suffered by their sister cities.

2,000 INJURED

The injured in the ravaged district were placed at 2,000, with 38,000 homeless persons seeking relief. Tales of severe suffering and hardships were recounted in messages received here. Drunken men searched the ruins of their homes for lost members of their families, while others anxiously sought relatives and friends in hospitals and morgues.

Water was knee-deep in the streets of Miami and Miami Beach, all public utilities were disabled and resorts were closed. Drinking water was served in half-portions. Urgent appeals for food, water and clothing were answered by special relief trains that were dispatched to the storm area.

MIAMI DEATHS

The death toll in the Miami vicinity was placed at 804 by Jerry H. Owen, general supervisor of the Florida Beach Coast Railway, of whom 500 in Hollywood and 18 of Hialeah. Other estimates listed 100 deaths at Fort Lauderdale and a similar number at Morroven, seventy-five miles northwest of Miami, where the waters of Lake Okeechobee were whipped over the dikes, flooding the city to a depth of thirteen to fifteen feet. In some places. Forty of those reported dead.

(Concluded on page 17)

VICTORIA MAN MAY BE HEAVY LOSER IN FLORIDA DISASTER

As far as is known here there were few Victorians who have financial interests in Florida, with the exception of E. C. Warren, now residing at Sooke, who was a big land and business property owner there. Mr. Warren's interests lay between Tampa and Sarasota, on the west coast of Florida, many miles removed from Miami.

"I have received no word from the south as yet," said Mr. Warren this morning. "My holdings there might be damaged by storms, but I had hoped they were out of the path of this one. Late reports, however, indicate they were not. The storm must have covered an unusual wide area to hit Miami and Sarasota at the same time. That is most unusual."

Mr. Warren was endeavoring to establish some sort of communication with his representatives in Florida to-day.

"It may be very vitally concerned with this disaster," he stated.

TORIES PLAN EARLY CONVENTION IN B.C.

Will Choose New Leader Almost Immediately, Maitland Announces

Vancouver, September 20.—R. L. Maitland, president of the British Columbia Conservative Association, who has just returned from the interior of the Province, where he was campaigning during the Federal election, stated on Sunday that a meeting of the party organization committee would be called almost immediately to take the first step towards arranging for the provincial convention of the party which must be held before Christmas.

The next succeeding step will be a meeting of the executive of the British Columbia Conservative Association, together with the Senators and Federal and provincial Conservative members. The executive has by resolution instructed this group to make the arrangements for a convention.

Ammonia Salts Found in Gatineau Area of Quebec

Hull, Que., Sept. 20.—Reports of the discovery of a valuable mine of ammonia salts in the Gatineau district on the Gens River, about sixty-five miles above Maniwaki, has been made here.

PEOPLE OF U.S. ARE ASKED TO AID STORM SUFFERERS

Washington, Sept. 20.—President Coolidge to-day appealed to the people of the United States to come to the assistance of sufferers in the Florida disaster.

TWO MEN KILLED IN ALBERTA MINE

Coal Pit at Hillcrest Wrecked By Explosion; Body of One Victim Recovered

Had Disaster Occurred Hour Later Over 150 Men Would Have Been Caught

Lethbridge, Alta., Sept. 20.—A special dispatch to The Lethbridge Herald from Hillcrest says:

Number 1 mine of the Hillcrest Collieries Limited is a wreck to-day following the worst explosion in the history of the Crow's Nest Pass bituminous coal field. The blast, which occurred about 10.20 Sunday night, snuffed out two lives, Frank Lott, fifty-five, married, a fire boss, and Fred Jones, twenty-five, a pumpman. The property loss will run into many thousands, an estimate of the damage being impossible at this time as the mine entrance is blocked.

MEN ABOUT TO WORK

Had the explosion occurred an hour later between 150 and 200 miners would have been on shift, for when the explosion shook the valley and veiled it in a heavy pall of smoke the men were preparing for duty in the pit.

THEORY OF CAUSE

The cause of the blast has not been established. It may never be, but the most acceptable theory advanced is that an electric wire running into the mine from the entrance to the pumps caused a spark which ignited an accumulation of gas.

One body was recovered this morning.

MAN DROWNED NEAR VANCOUVER

Vancouver, Sept. 20.—When they tried to change their positions in the rowboat in which they were fishing off Bowen Island, about ten miles west of Vancouver, it capsized and Peter Ollikainen, fifty, a Finnish carpenter, was drowned while his two companions succeeded in making their way ashore.

NO CANADIANS REPORTED KILLED IN FLORIDA STORM

New York, Sept. 20.—Up to 11.15 a.m. to-day no Canadians had been reported killed or injured in the meagre casualty lists received by the Canadian Press from the Florida storm area. A careful check of the names of Canadians known to have been in the vicinity of the storm, sent to New York by the Canadian Press in Canada, has been made.

PRINCE OF SIAM IS VISITOR HERE

Prince Asani and Nephew of Late President Woodrow Wilson in Victoria

Traveling in quiet dignified attire, and accompanied by P. B. Sayre, son-in-law of the late President Woodrow Wilson of the United States, Prince Asani of Siam, of the royal line of the present ruler of Siam, Rama VI, arrived in Victoria this morning aboard the Empress of Canada.

Prince Asani is of retiring nature, with the alert air of the keen-witted student of political and economic affairs, and the suave gentility of the courtier. His Royal Highness is more of the type of aristocracy that flourished in the time of France's later kings than that of the modern courts of Europe. He has their better characteristics and something of the finer of the European civilization of to-day. He is, to the most casual, a truly princely figure, say those who have traveled with him on board.

Passengers aboard the Empress of Canada who met and knew His Royal Highness throughout the long voyage, have noticed that he was fond of study, spent many hours in uninterrupted meditation, but was always most courteous and friendly even to those whose curiosity caused them to approach him. He understands human nature, say these passengers.

(Concluded on page 17)

SHIP ASHORE; REFLOATED

Prince Rupert, Sept. 20.—The fish packing steamer Chief Zibassa, bound from Prince Rupert to Lockport, ran aground on Kinabon Island this morning, but floated off at high tide and continued the voyage.

GREAT STORM LOSSES PALM BEACH AREA

Wreckage Caused by Wind Described by Manufacturer Visiting Florida

In Second Big Hurricane Even Repair Materials Were Swept Away

Savannah, Ga., Sept. 20.—A story of the damage done by the hurricane in the vicinity of Palm Beach during the week-end, was told by Samuel W. Taylor, an Allentown, Pa., manufacturer. Mr. Taylor arrived here on the first Atlantic Coast Line train to come out of the storm area of Florida. The damage was many times greater than that caused by the hurricane of a few days ago, he told a Savannah Morning News reporter.

NO COMMUNICATION

"At 4 o'clock Sunday morning, when our train left, no communication whatever had been established between Palm Beach and Miami," said Mr. Taylor. "Automobiles bearing first aid supplies and newspapermen started out, but found the roads covered with water and altogether impassable. A special train was dispatched down the line by the Florida East Coast Line, but after it had left no word was heard from it. Whether it ever got through was not known when we left."

MATERIALS DESTROYED

"Buildings not hurt much by the first storm were damaged almost beyond repair by the second one. Where repair work was going on at the scene of greatest damage following the first hurricane, even the repair materials and machinery were destroyed on Saturday."

"In the Pennsylvania Hotel, water was standing several feet deep. The streets more than a hundred yards from the usual high water mark. Automobiles were stranded and smashed along many streets. On Clematis Avenue, even walking was difficult because of wreckage littered the street."

VESSELS SUNK

"All causeways and bridges were swept away or littered with debris left by the raging waters and wind. Vessels along shore, in the harbor, and in the lake were sunk or battered to bits."

(Concluded on page 2)

PRETTY WEDDING HERE YESTERDAY

"Breadalbane" Ceremony
Unites Miss Lily Ward and
Gordon Harris

A pretty wedding was solemnized Sunday afternoon at "Breadalbane," Fort Street, when the Rev. Dr. Campbell united in marriage Lily, eldest daughter of Mrs. Ward, 802 Fullerton Avenue, and the late Mr. Ward, to Gordon Harris, only son of Mr. and Mrs. E. Harris, Admirals Road, Esquimalt.

The bride, who was given in marriage by her uncle, Mr. F. Clarke of Vancouver, was charming in a French gown of peach georgette handsomely embroidered in white and wore a hat of orchid crepe de Chine. She carried a bouquet of bridal roses, sweet peas and maidenhair fern. The brides-

maid, Miss Kitty McGregor, looked very sweet in a dress of golden brown satin with hat ensemble and carried a bouquet of sweet peas, roses and maidenhair fern. The groom was supported by Mr. Thomas Watt.

After the ceremony a reception was held at the home of the bride's mother, who was assisted in receiving the guests by Mrs. F. Clarke, aunt of the bride, and Mrs. E. Harris, mother of the groom. The reception rooms were tastefully decorated with mauve and pink asters. The bride and groom were the recipients of many beautiful gifts which testified to the popularity of the young couple.

Mr. and Mrs. Harris left at 4 o'clock, motoring to Seattle via Anacortes en route to Tacoma. On their return they will reside in Victoria.

Women's Liberal-Conservative Club
—The next meeting of the Victoria Women's Liberal-Conservative Club will be held in the clubrooms, Campbell Building, to-night at 8 o'clock. All members are requested to make a point of attending. Miss Lottie Bowron will address the club on "Some Impressions of the election."

LANGLEY STREET DOUGLAS STREET

QUEEN MARIE OF RUMANIA WILL INCLUDE VICTORIA IN COMING TOUR

According to a dispatch received Bucharest this morning, Queen Marie of Rumania will visit Victoria and Vancouver during her forthcoming visit to America. Her whole trip will occupy eight weeks, and during most of the time the royal party will live on a private train. Queen Marie on her arrival in New York, October 18, will proceed immediately to Washington to visit President Coolidge and Mrs. Coolidge. She may then go west to Seattle, returning later to attend the Sesqui-Centennial Exposition at Philadelphia.

With her daughter, Princess Ileana, the young Infanta Beatrice of Spain and a suite, the Queen will leave Bucharest for Paris some time between October 2 and 4, boarding the Leviathan on which a suite has been placed at her disposal by the United States Government at Cherbourg, October 12.

Mmes. Simone Lahovary and Irene Procopiu, grand matron of the Queen's court, will be her majesty's ladies-in-waiting on the trip. The royal party will total twenty-one. It is probable, but not yet certain, that Prince Nicholas, the Queen's second son, will also go.

Marie will probably accept, before her departure, invitations received from the Governors of Pennsylvania and Washington the president of the Sesqui-centennial Exposition and the Mayor of Detroit, and will decide on other invitations after arriving in New York.

QUEEN MARIE
of Rumania.

On other invitations after arriving in New York.

MIAMI RESTAURANTS FORCED TO CLOSE

Lack of Water and Heating
After Great Storm Added to
Sufferings

Automobiles Were Hurled
Into Sea From Causeways
Joining Two Miamis

Atlanta, Ga., Sept. 20.—A delayed message from Miami received here via West Palm Beach yesterday by Western Union officials said every residence and place of business in Miami was damaged and that water was knee-deep in the streets, with no drinking water since 10:30 p.m. Friday. Every electric light wire in the city was down, with no phone or telegraph wires working, and practically every plate glass window was broken.

STORES CLOSED
The message stated every store was closed and that restaurants were serving no food, on account of no water, electricity or gas being available. Both causeways were said to be impassable, leaving Miami Beach isolated, but unconfirmed reports from the beach gave casualties and heavy property damage. According to the message, martial law was to be declared at 8 p.m. Saturday.

During the great storm which lashed Southern Florida at the week-end, Mountainous waves broke over Miami Beach and the two causeways uniting it with Miami, hurling abandoned automobiles into the bay and destroying in its second onslaught many homes that had escaped with light damage before, during the first storm. Water was three to four feet deep, in many places.

AUTOS THROWN INTO BAY
West Palm Beach, Fla., Sept. 20.—During the great storm which lashed Southern Florida at the week-end, Mountainous waves broke over Miami Beach and the two causeways uniting it with Miami, hurling abandoned automobiles into the bay and destroying in its second onslaught many homes that had escaped with light damage before, during the first storm. Water was three to four feet deep, in many places.

When the gale spent its force late in the forenoon of Saturday, downtown streets for blocks lay several feet under water. Flood conditions prevailed generally in the lower sections of the city and especially at Hialeah, where residents were reported imperiled by unusually high waters added to the overflow during the several previous days of the Everglades canal. Attempts to administer aid were handicapped seriously.

GREAT LOSSES
Downtown skyscrapers and business houses were shorn of their windows and plate-glass fronts, and thousands of dollars of merchandise were ruined in exposed places. Roofs gave way in some instances.

Streets throughout the city and neighboring communities were cluttered for miles with debris and were impassable. Tangled wires lay on every thoroughfare and broken telephone poles, uprooted trees, furniture and demolished automobiles testified to the fury of the storm.

With the general disruption of all telephone and telegraph lines, communication with the outside world was severed early Saturday morning when the storm reached its peak. Communication was largely local as

LOS ANGELES COUPLE SOUGHT BY FRIENDS

Mr. and Mrs. B. A. Munroe, Los Angeles, are the subject of urgent inquiries received by Chief John Fry of the city police. The wires reaching Victoria state Charles Munroe of Los Angeles lies seriously ill and friends are requesting their return. The communications state Mr. and Mrs. Munroe are thought to be registered at some Victoria hotel. So far the police have been unable to deliver the messages, signed by Mrs. John Resh.

each community or town struggled to clear away its own wreckage.

VESSELS DAMAGED
Shipping in Miami suffered greatly. More than 250 boats, ranging from coastwise steamers and passenger yachts to the small bay craft, were damaged. The large ocean vessels remained at their moorings and weathered the storm with little damage. More than 150 smaller boats in exposed bay front berths or at anchorage in the harbor were hurled out of the water and crashed to splinters on shore. No check was possible among the residents of those boats nor among others known to be in several of the seventy-five craft sunk in the harbor.

Considerable suffering was caused in the northern suburbs. Rapid transit buses and automobiles, commandeered for relief service, worked throughout Saturday bearing injured to hospitals and emergency centres. Incomplete reports indicated that in these three communities possibly a dozen persons lost their lives and more than 250 others received medical aid.

ROADS BLOCKED
At Ojus and Hallandale, as well as other smaller towns, south of Hollywood, various reports indicated several persons had lost their lives and that others injured had been given aid. Blocked back country roads prevented contact with outlying homes.

Hollywood, a product of the development era, presented streets of demolished buildings with debris everywhere. A single structure in the entire town, the Masonic Temple, remained standing after the second storm. The situation became too far reaching for police to cope with and the National Guard unit was ordered out Saturday noon for a temporary rule of military forces.

Police reported twelve small children had been killed while huddled together in a tent separated from their parents in a tourist camp, north of the city.

Disrupted facilities on many occasions delayed immediate action in investigating reports.

DEATHS IN FLORIDA STORM ESTIMATED

First News to Outside World
From Miami and Miami
Beach Given in Dispatches
38,000 Persons Said to Have
Been Made Homeless by
Weather Disturbance

West Palm Beach, Sept. 20.—The deathlist from the hurricane at Miami and Miami Beach was estimated at 250 persons by a reporter of The Miami Herald, who reached here late yesterday from Miami. He said 150 of those killed were at Miami Beach and the remainder taken in Miami.

At the same time George F. Beans, editor of The Fort Pierce News-Tribune, who was into the storm area yesterday, telegraphed the Associated Press that hundreds of lives had been lost in the storm-stricken territory and that the property damage would run into millions of dollars.

FROM BAHAMAS
Sweeping in from the Bahamas Friday midnight, the hurricane descended with fury on Miami, centering there during the greater part of the night hours while it raged and veering northward to carve a path of desolation in Hollywood and vicinity twelve miles to the north. Miami bore the brunt of the damage through the area in property losses, but increasing fatalities in the region between Hollywood and Fort Lauderdale indicated loss of life would be largest there.

RAIN FELL
Rain began falling in Miami soon after Saturday midnight, attended by rising winds and a slow barometric decline. The storm advanced alarmingly and by 3 o'clock the wind had attained a velocity of sixty-five miles an hour. The barometer fell to 28.84. Two hours later the light and power services snapped in the Miami district, except in the heart of the city. The storm bore down with greater intensity in the early hours of the morning and at 5:40 o'clock the weather bureau reported a record low barometric pressure of 27.75, said to be the lowest mark ever registered in the United States.

Miami's bay front was subjected to a terrific battering as the violent windstorm struck from a more dangerous angle. The bay crept higher over its accustomed level and raged like a mill pond waist deep from the Miami River northward to the country causeway.

West Palm Beach, Fla., Sept. 20.—Reports from the storm area of Florida indicate more than 35,000 persons were made homeless and that many of these are urgently in need of food and medical supplies. Miami and vicinity and Fort Lauderdale appear to have borne the brunt of the storm. Water flowed in the streets of Miami, practically every place of business was said to have been damaged, no drinking water was available and tele-

RELIEF SENT

Reports from Miami said stores were closed and restaurants were not serving food on account of lack of water, electricity and gas. In response to urgent appeals, doctors, nurses, supplies and water were hurried into Miami from sister cities of Florida.

Originating in the Bahamas, the hurricane struck Miami in all its fury last Friday night. For nine hours it raged over Miami and Miami Beach, leaving destruction in its path. Desolation also was wrought in Hollywood, twelve miles north of Miami.

SECOND STORM CAME
Miami Beach was swept by a 120-

mile wind, and high waves swept over it. During a lull hundreds of persons ventured forth in attempts to salvage their household effects, but another storm hurried itself against the city. This latter wind raged unabated for two hours and was more intense than the first.

The property damage in Miami and Miami Beach was estimated at from \$25,000,000 to \$100,000,000.

Mr. A. E. Wilson announces the engagement of his youngest daughter, Muriel Grace, to Mr. Peter Stewart of Ottawa. The wedding will take place in St. John's Church at 3:30 p.m. on Tuesday, September 28.

French Discuss New Agreement With Germany

Paris, Sept. 20.—The French people and press begin to see prospects of an entente cordiale between France and Germany as a result of the conversations between Foreign Minister Stresemann and M. Briand during the latter's visit to Geneva. The French Minister of Foreign

Affairs, who returned from Switzerland Saturday, has refused to go into details concerning the negotiations at Geneva and Thoiry on the ground that this would be likely to give rise to harmful press polemics on Franco-German relations during the tentative negotiations. He declares positively, however, that an entente is possible.

The newspapers are acutely interested in the situation, and much divided as to the possible outcome. The moderate Le Temps declares it is by all means desirable to find a basis on which the two countries can

SCATTERED DETAILS FROM AREA OF FLORIDA STORM SHOW GREAT DISASTER

(Continued from page 1)

VESSELS ASHORE

The force of the winds and waves at Miami tossed yachts and larger vessels ashore in Royal Palm Park, where they remained high and dry when the water receded.

Most of the wooden structures in the city have been blown down or shrouded. Concrete and steel buildings have been twisted at their base. Practically every piece of plate glass in the city was broken.

MOBILE IS SWEEPED

Mobile, Ala., Sept. 20.—(via telephone from Hattiesburg, Miss.)—With the wind at ninety-six miles an hour at 12:30 o'clock this afternoon and the barometer registering 29.06, Mobile and vicinity found itself in the midst of the hardest part of the hurricane.

Thus far no lives have been reported lost, only minor injuries having been sustained. The property damage was confined chiefly to broken plate glass windows and signs.

The wind from the northeast carried the waters of the Alabama River and of Mobile Bay from the city. The waters of both are low and no danger is expected.

Five days' preparation found the city as well prepared to withstand the hurricane as is possible.

MIAMI DEATHS

Jacksonville, Fla., Sept. 20.—More than 500 persons are estimated to be dead in the Miami area as a result of the West Indian hurricane. A staff correspondent of The Jacksonville Journal telephoned his paper from West Palm Beach this afternoon. He had just returned from Miami.

Relief trains from West Palm Beach have arrived, bringing additional physicians, trained nurses, medical supplies and essential foods.

TRAINS OPERATED

Wilmington, N.C., Sept. 20.—Atlantic Coast Line Railway officials said to-day that their trains were being operated into Miami and Fort Myers and that there was little if any interruption on lines on the West Coast.

MIAMI "DESTROYED"

Washington, Sept. 20.—The naval commandant at Key West reported to-day that all communication with him indicated Miami had been "destroyed" by the hurricane.

NEWS BY AIRPLANE

Miami, Fla., Sept. 20.—Estimates ranging from 600 to 1,500 dead prevailed in the Miami district area this morning as first contact with the outside world was established by aeroplane, automobile and relief trains. The damage was estimated at \$150,000,000.

In the Miami storm disaster are included Hollywood, Fort Lauderdale, Redlands, Moorehaven and Clewiston.

TRAFFIC BLOCKED

Little contact with these places has been established as the causeways were flooded with wreckage and high water barred traffic. Because of severe winds, pilots of aeroplanes were reported as wary at attempting to enter the storm area.

Aeroplanes could not locate any landing places and seaplane pilots feared the rough and debris-filled water.

The United States Red Cross had established relief stations throughout the stricken area.

CHILDREN WANDED

Efforts were being made to locate the relatives or friends of more than 200 children who had been found wandering about what remained of Miami, separated from their families.

Miami was under martial law and none except government or state officials and newspapermen were allowed to enter.

HURRICANE AT MOBILE

Mobile, Ala., Sept. 20.—The barometer had fallen to 29.21 at 10 o'clock and a 104-mile wind was sweeping the city.

WIRES BROKEN

Birmingham, Ala., Sept. 20.—A radio message from Large Service Boat, twelve miles north of Mobile, said all lines of communication with Mobile had been lost there, and that the storm was rapidly gaining in intensity. All the boats on the river had scurried to cover.

The Southern Bell Telephone and Telegraph Company reported all lines out to Mobile from the north. Rain was falling steadily a far north as Birmingham, with a rising wind.

NEWS BY WIRELESS

Jacksonville, Fla., Sept. 20.—A wireless message from an unidentified steamship at sea telling of large property damage at Miami was intercepted here Saturday night by Gifford Grange, a University of Florida student.

Grange said he had got the mes-

sage over his own receiving set which had a 500-meter range, and that the vessel's wireless evidently was trying to speak to a radio station in the West Indies. He was unable to receive all of the message. Attempts to raise the wireless station at Miami failed, he said.

BUREAU WARNING

Washington, Sept. 20.—The weather bureau in a hurricane warning issued shortly after 4 p.m. yesterday said:

"A very hurricane warning continued Appalachicola to Burwood Hurricane centre reported about 93 north 86 west, moving west-northwestward. Centre will likely pass inland between Pensacola and Burwood late to-night or Monday morning, unless it changes its course. This is a very severe storm."

EARLY CASUALTY REPORT

Tampa, Fla., Sept. 20.—Reports received here by telephone yesterday said 140 persons were known to have lost their lives at Clewiston and Moorehaven, and that the roads between the two towns were littered with bodies. Both towns were reported in ruins. An air pilot returning from Moorehaven reported seeing many bodies strewn along or near the Atlantic Coast Line Railway.

MOOREHAVEN TOLL

Aston Park, Fla., Sept. 20.—With fifty-six bodies in an improvised morgue here to-day, and the missing tolling nearly 200 persons, workers in Moorehaven were bringing every effort to remove all persons from the flooded area. Nearly 500 refugees arrived last night. Officials to-day said the water was receding and that the collection of the dead would be resumed immediately.

One eyewitness said the dike along the Oklawaha River broke at 1 o'clock Saturday and the water poured over the land until it was fifteen to twenty-four feet deep at the highest spots in the town. In the low land it was over the roofs of houses.

Few expected the break, as the dike was supposed to be invulnerable.

HOUSES BLOWN OVER

Dania, now part of Hollywood, fared no better than the latter. Houses were swept from their foundations, trees were uprooted, telephone and telegraph poles obstructed every highway, and many persons were reported homeless.

Northward, in Pompano, Deerfield and Yamato, three clusters of homes were blown almost all of which lined the Dixie Highway, were demolished.

Efforts to relieve suffering were hampered by lack of supplies.

TEN KILLED

Fort Lauderdale, an important metropolis of the section, met the fate of its sister towns on a somewhat enlarged scale, reporting ten dead, fourteen critically injured and between 250 and 300 others who received medical aid. The situation there was distressing, with many homeless and only a small amount of food in the city. The water supply was said to be very small.

Governor Martin advised the American Red Cross had placed its facilities at his command and authorized that organization to direct the relief work. He also issued a special call for physicians to go with the relief workers. Hundreds of these, together with nurses and many civilians, left aboard special trains for the Miami district, Moorehaven and Clewiston.

TRAIL OF WRECKAGE

The hurricane struck the west coast, leaving a trail of wreckage, disabled public utilities and damaged crops. There was no loss of life on the west coast, however, and only a few minor injuries reported.

The brunt of the west coast storm apparently was borne by Fort Myers, which was mauled by a ninety-mile gale. Many houses were uprooted, all public utilities were disabled and the city was cut off from outside communications for twenty hours. The property damage was estimated at \$1,000,000.

Packers and shippers reported the indicated crop of grapefruit was reduced seventy-five per cent, and the crop of oranges will be only one-third of a normal yield.

GARDENS DEVASTATED

The gardens at the estate of Thomas A. Edison and the grounds of Henry Ford's place adjoining, were hard hit.

Save was in the grip of the hurricane for six hours, during which time the city lay in darkness. Heavy rains, whipped by the hurricane, swept through broken windows in the business district with considerable damage to merchandise.

Thousands of trees were uprooted to St. Petersburg by the storm, which reached its peak at 2 o'clock in the morning. The wind reached a velocity of seventy-five miles an hour, but no serious damage was reported. Tampa suffered damage estimated at \$100,000 and several persons were injured by flying debris. Outlying sections of the city were inundated by water from Tampa Bay and the Hillsborough River.

All available motor trucks in Jacksonville were marshalled for the transportation of foodstuffs and medical supplies to relief trains and volunteers loaded the trucks.

Red Cross officials drew on drug warehouses for materials. Tents were taken for the homeless.

FT. LAUDERDALE SWEEP

West Palm Beach, Fla., Sept. 20.—The great storm which lashed Southern Florida Friday and Saturday swept across Fort Lauderdale, north of Miami, wrecking property and leaving a casualty list.

Reports said Moorehaven, seventy miles northwest of Fort Lauderdale, had suffered heavily. The death toll at Ft. Lauderdale was estimated at 140, and one report said bodies were strewn along the road. Another report said from thirty-five to forty white women and children had been drowned in the lake region near Moorehaven.

The death toll in Hollywood was placed at twelve, eleven at Dania and one at Ojus, one at Hialeah and two at Hallandale, all in the vicinity of Miami. Homestead, forty miles south of Miami, had one death.

Property damage at Palm Beach and West Palm Beach was estimated at \$1,000,000, with no loss of life. While the damage at Hollywood was unestimated, those familiar with that city said the past two years approximately \$40,000,000 worth of building and development had been done and the property loss must have been great.

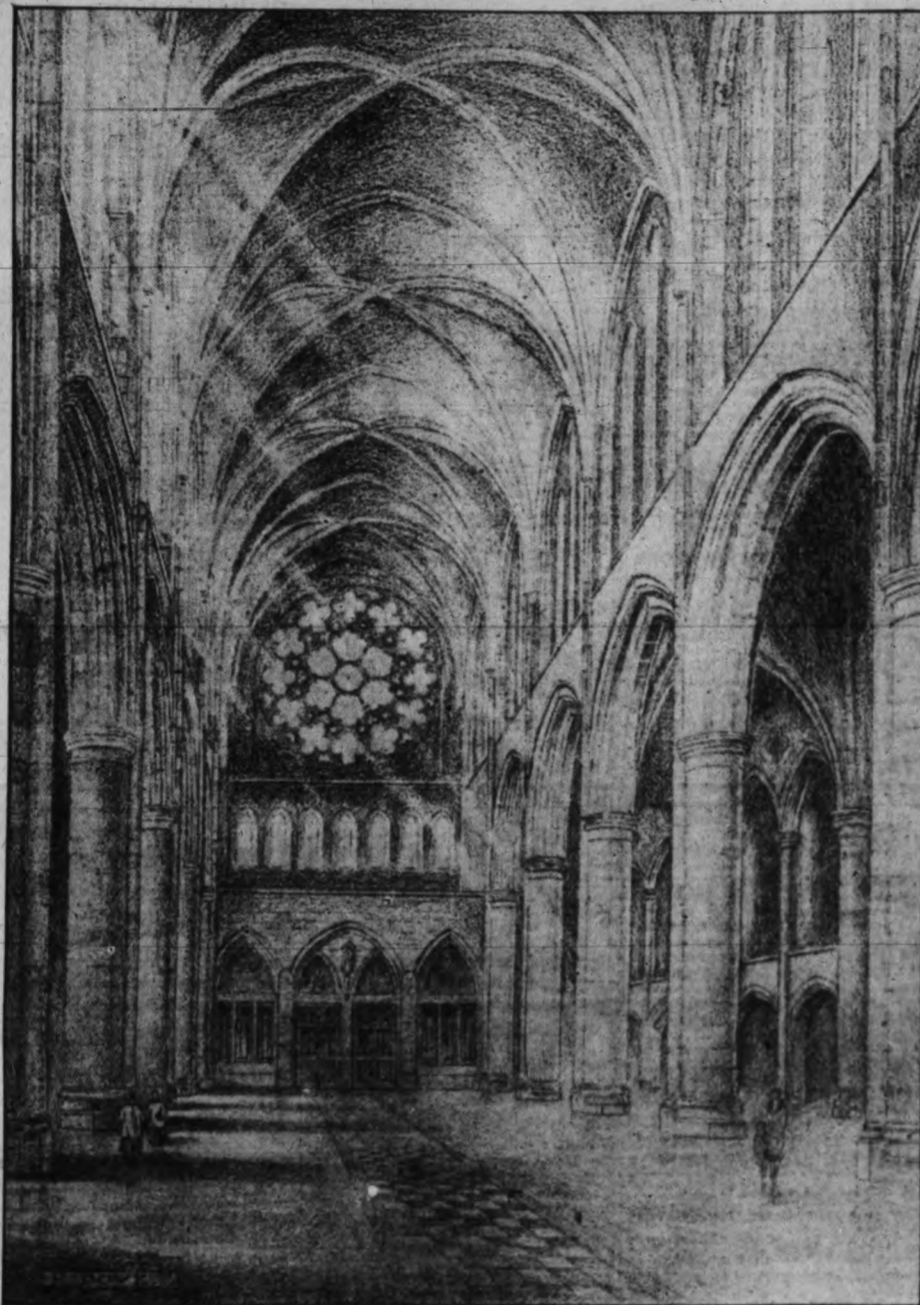

SUPPLIES NEEDED

Fuel, water and medical supplies were urgently needed in the stricken cities.

Governor John W. Martin ordered several companies and hospital units of the National Guard into the storm-swept sections to aid the civil authorities in preserving order and to aid the needy.

(Concluded on Page 1)

Interior of New Cathedral Looking West

Would YOU like to give a stone, or several stones—or the stonework for a window, column, arch or bay—to help to build this new Cathedral and House of Prayer and Rest in Victoria?

Your help, as a "Cathedral Builder," will be greatly appreciated.

Kindly give your subscription to the canvasser who calls on you this month (showing an official subscription form), or send your gift direct to the Hon. Treasurer, Christ Church Cathedral Buildings Ltd., Memorial Hall, Victoria, B.C.

While many large as well as small gifts are needed, and the smallest gift will be gratefully received from those who cannot afford more, the following table may suggest how one can give a large contribution by means of small payments.

\$5.00—The Cost of One Stone
5c a week for 2 years.
\$1.00 a month or quarterly.

\$25.00—The Cost of Five Stones
25c a week for 2 years.
\$5.00 quarterly for 1½ years.

\$50.00—Or Ten Stones
\$5.00 quarterly for 2½ years.
\$5.00 monthly for 10 months.

\$100.00—Twenty Stones
\$10.00 quarterly for 2½ years.

\$200.00—The Stonework of Small Window
\$25.00 quarterly for 2 years.

\$300.00—Stonework of North Aisle Window
\$25.00 quarterly for 3 years.

\$500.00—South Aisle or Clerestory Window
\$50.00 quarterly for 2½ years.

\$2,200.00—A Bay, Two Stone Columns and Arch Between
\$250.00 quarterly for 2½ years.

ELECTRICITY CHARGES

To the Editor:—Everybody is agreed that in order to enable our city to progress as it should, all handicaps must be removed, and also that one of the most serious handicaps that we suffer from is the much higher cost of electric power, heat and light than the B.C. Electric Railway imposes on its consumers in this town than upon its consumers in Vancouver. So well is the harm occasioned us by this unfair policy recognized that before the last municipal elections several candidates for office, and in particular Mayor Pendray, promised that active steps would be taken to remove this unjust discrimination which directly or indirectly affects every citizen detrimentally, and yet despite these solemn and long overdue promises nothing, so far as the public knows, has been done to remedy such a harmful state of affairs.

Why is this, and what influence is at work to delay so urgent an important matter for a whole year? Again the dark and expensive days of Fall and Winter are upon us but still there is no outward sign of the Mayor and Council protecting the interests of the public they were elected to serve, though of late they have displayed much activity looking to increase of administrative salaries and extensions of their terms of office.

Further, what has become of the large claim—many thousands of dollars—of the city against the Electric Company for unquestioned damage to the public water pipes? Has that claim also been put to sleep, and if so at whose instance? It is high time our overburdened citizens were given some light on these important subjects and that the council exercised its power to protect the people and enforce their rights. If Mr. Dean's sound plan for a city manager (which he is advocating in so able and public-spirited a manner) were in force the veil would have been lifted long ago.

and a businesslike report presented and published on the whole most unsatisfactory situation in all its phases.

We must face the fact that the past tourist season has not produced the expected results and it has become clear to all thinking citizens that the only way to restore this town to its former state of prosperity and progress is to make it attractive to permanent residents for twelve months and not merely to casual tourists for six weeks, and the only way to accomplish this is to reduce taxes, rates, and all kinds of utility charges to the very lowest figure so as to attract new residents to build and live and spend their money within our own wide city limits instead of in places and municipalities outside our boundaries.

FLORIDA'S AFFLICTION

WIDESPREAD SYMPATHY WILL BE extended to Florida and to the relatives of the hundreds of victims who lost their lives in the disastrous hurricane which visited that locality during the week end. It is too early yet to arrive at an estimate of the loss of life or the material damage done. Reports already to hand, however, indicate that a blow has been administered to this popular resort from which it will not quickly recover.

The tragic nature of this visitation recalls the origin and progress of one of the most sensational booms in the history of the United States. Only a year or so ago the spectacle of thousands of vehicles of all sorts on their way to Florida was the subject of cartoonists and joke-makers all over this continent. Some of those who took part in the early procession made money in a very short space of time. Others failed to get into the proper stride and returned to the more prosaic regions from which they had set out in search of fortunes. Prices soared overnight. Palatial buildings went up with amazing rapidity. But recent events have proved that the enterprise never rested on a sound economic basis. Several months ago a financial crisis put a damper on the whole state. Now that set-back has been followed by a disaster which will evoke the sympathy of the whole world.

Florida was bound to be popular with the wealthy people of the colder North by reason of its easy accessibility. It offered comfort and recreation throughout the Winter months and the New Yorker could exchange his inhospitable climate for the balmy air and bright sun of the immediate South by a day's journey. But Florida is more unbearable in the Summer than is New York in the Winter. Add to this the fact that it is in the hurricane zone, as witnessed by the events of the week end, and one defect in the foundation upon which the boom was based is at once apparent. That disadvantage always will have to be taken into consideration when plans for the future are laid. California is more fortunate; yet many parts of that state are occasionally reminded by unpleasant rumblings that some of its great and prosperous cities are in the earthquake belt of the Pacific slope.

In contrast with Florida and California, with their hurricane and earthquake hazards, there is the Pacific Northwest—in particular Vancouver Island. Our climate is ideal practically all the year round. A variety of natural resources and natural advantages await the manufacturer. We have educational and recreational facilities in abundance. Nature has bestowed her benefits in the most lavish fashion and she does not mar her handiwork by unpleasant climatic amendments to her original design.

Our people actually do not realize how fortunately they are situated.

AN INSPIRING RECORD

THE BRITISH AND FOREIGN BIBLE Society has published its annual Popular Report this year under the title, "The Everlasting Doors," in which there are interesting references to its work in Canada. When the Bible Society was founded men were living who might have talked with the first explorers recorded to have seen the Rocky Mountains; and men still living can remember when Winnipeg (now a city of 200,000 people) contained no more than 210 souls. The vast prairies, now a granary, were then the homes of great herds of buffalo. Since 1804 the population of Canada has grown from 150,000 to more than 9,000,000.

The Bible Society's first enterprise, outside Europe, was to provide a Gospel for an Amerindian tribe; in its earliest years it began to send out the Scriptures to the hardy pioneer of Nova Scotia. It has grown with Canada. Twenty-one years ago all its Canadian auxiliaries were consolidated into the Canadian Bible Society which has carried on the work within the Dominion and shares by its generous contributions in a wider mission.

Its thirty-two colporteurs and Biblewomen bear the Gospel to remote homesteads and to settlements of Scandinavians, Russians, Ruthenians and Germans. In the Prairie Provinces they distributed last year 38,000 copies of Scripture in thirty-three languages, including Arabic, Chinese, Syriac and Zulu. At Halifax, St. John (N.B.) and Quebec they gave a Gospel and a hand of welcome to every immigrant who landed in search of new homes.

Dr. W. B. Cooper, Secretary of the Canadian Bible Society, stated recently to a British press representative that when he went out in 1908 the circulation of the Scriptures amounted to 130,000. Now it is over 400,000. The income from Canada has also largely increased. Whereas in 1908 it was \$130,000, it is now between \$350,000 and \$400,000. Meanwhile more work is being done than ever before. The cost of this is met by subscrip-

ers in the Dominion and last year a balance of \$62,000 was sent over to the parent society.

According to Dr. Cooper, the future of the Dominion holds great possibilities in view of the fact that Canada is being taught to do great things. Her material resources are sure to increase, and there is pressing necessity for the Bible, with its wonderful influences on the lives and characters of the people, to retain its unique supremacy.

RAW MATERIALS—IMPORTS AND EXPORTS

WHEN MR. MEIGHEN WAS SPEAKING in Toronto just before election day he said that he feared a vital blow would be dealt to the industries of Canada unless the Conservative policy of a high tariff were adopted. All the Conservative speakers from one end of the country to the other talked in a similar vein. Conservative newspapers used up a good deal of space to impart emphasis to this particular doctrine. Dr. Tolmie and Mr. Dickie continually harped upon the export of our raw materials and our imports of the finished article. BUT THEY NEVER SAID A WORD ABOUT THE IMPORT OF RAW MATERIALS AND THE EXPORT OF THE FINISHED ARTICLE. It is, therefore, interesting to compare the two sets of figures if only to show how Conservative campaigners endeavored to fool the electorate with half a tale and the poor half at that. First of all study this table of manufactured exports:

Finished Products	Under Tory Tariff, 1922	Under Liberal Tariff, 1926
Iron	\$28,312,272	\$74,735,077
Rubber	4,061,809	20,726,859
Sugar	11,621,457	21,643,948
Paper	69,533,418	110,104,929

When these items are totaled it will be observed that the value of the Dominion's exports of the finished article in 1926 was practically double what it was in 1922. This is not to be wondered at, of course, since the number of industrial employees in 1921 was 439,000 and more than 800,000 in 1926. But the vital blow which Mr. Meighen and his supporters talked about for weeks seems to have had the effect of stimulating industry to a very considerable extent. Let us now look at our imports of certain raw materials in the same periods and consider the figures in conjunction with those printed above. Here are the details in pounds:

	1922	1926
Raw cotton	95,385,978	128,560,963
Raw rubber	18,952,465	46,813,120
Raw silk	377,570	529,446
Raw sugar	43,221,200	1,158,544,069

These figures prove conclusively that Canadian industrial establishments have been increasing their importations of raw material ever since 1922. They have increased them because there has been a greater demand for the manufactured product. This additional business is reflected in a favorable trade balance of \$401,000,000 at present as compared with an adverse balance of \$30,000,000 in 1921 under a Conservative Administration. Industrial British Columbia, as official statistics bear out, has gone ahead at a rapid rate under the progressive policies of a Liberal Government at Ottawa; yet this Province continues to send men to the House of Commons who are opposed to every plan under which trade expands.

There is a new set of contest guessers on the job just now. It is made up of those who say Dempsey can not be beaten and those who say Tunney is bound to win.

British Columbia Conservatives are preening themselves upon the victory which their party achieved at the polls in this Province last Tuesday. But it is a hollow sort of a crow that jubilates over the fact that this part of Canada refuses to get in the van of progress by sending men to Ottawa who are pledged to policies which mean more business and more prosperity.

Mr. George von-Elm has all the reason in the world to be proud of his victory over Mr. "Bobby" Jones in the final of the United States amateur golf championship on Saturday. Two years ago he got a very severe drubbing at the hands of the genial Atlantan; but the latter always has said that the Californian who won the Pacific Northwest title at Colwood in 1922 was one of his most dangerous rivals. Incidentally, the local officials of the Pacific Northwest Golf Association would do a good stroke of advertising business for Victoria if they could induce some of the leading amateurs of the United States to come here for the tournament next year.

WHAT OTHER PAPERS SAY

B. C.'S ELEPHANTS

From The Vancouver Province

It would be interesting to know what impressions, if any, the denizens of British Columbia's forests form when they encounter the big elephants now wandering in the wilds. Do they register fear, amazement, anger or pity? The psychoanalysts may be able to enlighten the curious.

THOUGHTS

For there shall be no reward to the evil man; the candle of the wicked shall be put out.—Prov. xxiv, 20. Never let man imagine that he can pursue a good end by evil means, without sinning against his own soul! Any other issue is doubtful; the evil effect on himself is certain.—Southey.

Ointment and perfume rejoice the heart; so doth the sweetness of a man's friend by hearty counsel.—Prov. xxvii, 9. Friendship is made fast by interwoven benefits.—Sir P. Sidney.

Do You Mean What You Say?

The Register and Tribune Syndicate, Des Moines

'A DEAD LETTER'

Illustration by The Register and Tribune Syndicate

'A DEAD LETTER'

When a law has been on the statute books for a long time, but is not being enforced, it is often called a "dead letter." Also, when any practice in business or any custom, has fallen into disuse, it is referred to in the same way. The term is adopted from the post office, which rules that after a letter has remained in the office for a stated time without being claimed, it is a "dead letter," and is sent to the "dead letter office."

THE WEATHER

Daily Reports Furnished by the Vancouver Island Electrical Department

Victoria, Sept. 20.—5 a.m.—The barometer has fallen over this Province and fair, warmer weather may become general. The weather is fair with light frosts in the Prairie Provinces.

Reports

Cancer Needs Quick Medical Treatment

By DR. NORRIS FISHER

When cancer is discussed, a prime topic of consideration is the question as to whether or not its incidence is increasing. The present consensus seems to be that there may be more cancer now than there used to be because there are more people living to an older age—and cancer is essentially a disease of older people.

The children that used to die in infancy and the people who used to succumb to typhoid fever, dysentery, tuberculosis and similar complaints now live to an age when they form better soil for the cancerous growth.

According to figures made available by the Metropolitan Life Insurance Company there has been no significant increase of deaths from cancer among white women at an age below sixty-five years. Indeed they report a significant decrease between the ages of thirty-five and fifty-five.

EXTENSIVE STUDIES

Among insured wage earners and their families between the ages of sixty-five and seventy-four there has been an increase of death from cancer represented by a figure of 5.2 per 100,000 living. The figures for cancer of the breast in women seem to show a slightly increased incidence and also those for cancer of the intestines.

Five hundred women sufferers with cancer of the breast were studied by Dr. Janet E. Lane-Claypon in Great Britain, to ascertain what, if any, particular circumstances entered into their lives as contrasted with those of 500 women who did not have cancer.

The investigation showed that unmarried women suffer from cancer of the breast to a greater extent than married ones, showed also that married women without children were more likely to have cancer than those who had children, but that those who did not nurse their babies at all, or those who nursed them for too long periods of time, were both more likely to have cancer than those who nursed their children for moderate periods.

MUST REALIZE DANGERS

This evidence while suggestive is not sufficient on which to base any definite conclusions. It seems, however, to establish the well sustained clinical impression that physical irritation may be related to the occurrence of malignant tumors.

The great majority of women seek aid for cancer of the breast at a period of the disease when it is frequently too late to effect an extensive prolongation of life. They come at a time when the cancer has caused so far that it is not possible to eradicate it completely by operation.

Women must be educated to seek medical treatment on the slightest

suspicion of involvement of the breast so that it may be applied while there is still opportunity to save life.

LECTURE-RECITAL ON WAGNER'S "RING"

Mrs. S. Maclure to Give

Long Anticipated Talk on

Tuesday

Marking one of the most notable events of the early musical season, Mrs. S. Maclure will give her long-anticipated lecture-recital on Wagner's "Ring of the Nibelung" in the New Temple on Tuesday evening.

This will be in the nature of an innovation to Victoria and will prove an opportunity alike for those who have not seen the opera and those who have not seen the opera.

"The Ring" was considered by Wagner his masterpiece, and though projected in 1848, was not completed until 1874. "Like all Wagner's operas" "The Ring" carries a message which is easily recognized and applies just as well to-day as in Wagner's time.

The constant of our operas "The Ring" is "The Valkyrie," "Siegfried" and "The Dusk of the Gods." Mrs. Maclure will tell the story of each of these and illustrate on the piano the leading themes, motifs and songs.

ATTACK IN TOKIO REMAINS MYSTERY

Police Unable to Explain Man's Throwing of Knife During Embassy Luncheon

Tokio, Sept. 20.—Although scores of police have worked on the knife-throwing mystery which disturbed the formal serenity of a luncheon at the British Embassy here in honor of Crown Prince Gustaf Adolf and Princess Louise of Sweden, no arrest has been made.

Government officials and members of the Embassy staff seek to minimize the incident and the newspapers have not published much. It is generally believed the Brazilian knife thrown by the intruder at Roger Tilley, son of British Ambassador Sir John Tilley, when he returned soon to the table and toward the window at which he had seen a strange face peeping in, was intended for the Ambassador, but no motive is apparent.

LITTLE CONFUSION

Due to the reticence of those present, a clear impression of the happening is not obtainable, but it seems there was little confusion at the table when the incident occurred. Few of the guests understood young Tilley's sudden dash toward the window, where he was struck by the hurled missile and which he picked up from the veranda and pocketed. He returned soon to the table and later told representatives of the Imperial household what had happened. Princess Louise realized there was something unusual transpiring, but insisted on going ahead with the luncheon as though nothing had happened. The Prince apparently knew nothing of the matter until later.

The police suspect the affair was "an inside job," the knife employed being a relic belonging to Ambassador Tilley, but they have checked up with the help of the Embassy each employee without developing any information to identify the intruder or to explain any reasons he might have for wishing to harm anyone present at the luncheon.

Bahama Liquor Problem Debated

New York, Sept. 20.—"The Bahama Islands, where we regard liquor selling as a legitimate business," prefer "nice people" as visitors to "heavy drinkers," according to Governor Sir H. E. S. Cordaux.

The governor sailed for England after arriving on the hurricane-beset ship.

Of the agreement reached between him and General Lincoln C. Andrews, United States prohibition chief, the Governor remarked that the public seemed to have gained an erroneous impression.

"We made no concessions as to search and seizure in our ports," he said. "We have many keys, you know, small islands running out from the Mainland. Well, these keys are so useless we don't police them. So when General Andrews said he would like us to keep an eye on them and chase any bootleggers who left them for Florida, only fifty or sixty miles away, we acquiesced. It's these fellows who have caused all the trouble. We don't approve of their methods at all."

The Governor expressed considerable apprehension about further hurricanes in the islands.

VETERANS HERE FOR A. AND N. CONVENTION

Will Discuss Possibility of Greater Unity Among Returned Men

Delegates Arriving Daily to Attend Ninth Great Convention

On the afternoon boat from Vancouver yesterday the first contingent of delegates for the ninth annual convention of the Army and Navy Veterans of Canada arrived in this city. Today and to-morrow more delegates will arrive on inbound ships assembling for their great national conference. It is expected that this will be the greatest convention of its sort ever held in the West of Canada. From all parts of the Dominion approximately 700 delegates will attend. They commence their sessions on Wednesday morning.

The delegates are registering at the Empress Hotel, which is the convention headquarters. Business sessions will be held at the hotel and a banquet will be held Wednesday evening.

At the banquet on Wednesday Major-General the Hon. W. A. Griesbach, C.B., C.M.G., D.S.O., K.C., Dominion President of the Army and Navy Veterans of Canada will preside.

The programme for the ninth annual convention is as follows:

2.30 p.m.—Arrive in Victoria from Vancouver. Registration at Empress Hotel.

2.30 p.m.—Arrive in Victoria from Vancouver. Registration at Empress Hotel.

From Our Paris Letter

A glance through the fashions for the Fall and Winter, shows many new and interesting features.

Suzanne-Talbot shows a collection of extreme models—her hats are first to be noticed, one very high hat shows two dents in the sides of the crown. This hat was about ten inches high and was worn with outfit to match and was very smart. She showed it in velvet, in felt, and in hats made of very small feathers.

Redfern showed several draped dresses, one with deep tunic, where the draping came up to the side and tied into a long sash. Another novelty was a cotton tapestry velvet in a pattern like cretonne and was made for a sport dress. Another material was a satin-finished metal cloth which has the appearance of a shiny satin ribbon. They showed many black velvets with deep, tailored vests.

Nicole Groult showed a number of sleeveless dresses, which were worn over contrasting underslips, with long sleeves and high necks. They were in brown and beige and navy and different shades of blue.

Autumn Millinery

The grace and charm of the formal season is revealed in the new Millinery Fashions for Autumn. This is a season rich in fashion interest, for now the mode changes, becomes rich and distinguished, every social function, each Autumn requirement, being considered in the creation of the smart new styles.

Formal models of velvet, satin, duvetyne and petersham have unusual pins, ribbons tied in effective bows and intricately draped crowns for trimming. Chanel red, burgundy, many shades of green, rich blues, wood tones and black are the favored colorings.

That fashion is the very opposite of fickle is proved by her long continued allegiance to felt, and now it appears in a new version, adapting itself with striking success for afternoon wear. In lovely soft pastel shades or rich deep colorings the Felt and Velour Hats are among the most attractive presented here.

YOUR BABY and MINE

by MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope forwarded to this office will bring a personal reply.

Mrs. A. H. L. writes: "You have helped me before. I wonder if you will again? My six months' old son fell out of his crib onto his head. Of course it hurt and he cried for a while, but soon stopped after I had comforted him. Could there be any serious after effects from this?"

He is always pulling himself to his feet and standing up. I am afraid of his being bowlegged. Is he too young to do that, isn't he?"

Another thing, he wakes from his sleep with a scream. Could it be his teeth, or bad dreams, or some other cause? He fights sleep so that I know he doesn't get enough, though he is very active and strong. He has been teething for the last two months, but they are not through yet. Is there anything I can do to help them through to give him something hard to bite on?

ANSWER

As long as the baby showed no bad effects of his fall immediately there is no reason to worry about after effects. If he had been badly hurt he would have shown it right at the time. Babies get bad falls, but due to the softness of their bones there is seldom any serious injury. If he pulls himself to his feet of his own accord it is plain that he has the necessary strength to do this. Don't encourage him, but put him on the floor, on a clean comfort, and let

Among the best people, you will find that Moirs are invariably the choice.

Moirs have a character and quality that appeals to people who appreciate the finer things of life.

They are a delightful candy for every occasion, from a bridge party to the selection of a remembrance gift for a friend's journey, or as a finale to a well-planned dinner.

People of discrimination choose Moirs unhesitatingly, expecting and receiving, perfection in chocolates.

MUSICAL CLUB MEETING FRIDAY

The Victoria Ladies' Musical Club will hold its first meeting of the season at the Alexandra House on Friday, September 24, for members only. Intending members who are unable to secure membership tickets at Fletcher Bros' Music Store before Friday, may secure them at the Alexandra House at 3 p.m. on that day. The sale of tickets for the artists' series of concerts will close on September 25, up to which time they may be obtained at W. F. Evans Limited, 1113 Government Street.

VICTORIA GIRL IS MARRIED IN CHINA

Miss Agnes Stuart Robertson Becomes Bride of Jan Oostermeijer

A wedding of unusual interest to Victoria, was celebrated on September 18 in Shanghai, China, at the Dutch Consulate and afterwards at St. Joseph's Roman Catholic Church, when Angus Kathleen, eldest daughter of Mr. and Mrs. Andrew Stuart Robertson, of "Struan," Belmont Avenue, Victoria, was united in marriage to Mr. Jan Oostermeijer, son of Mr. and Mrs. Jan Oostermeijer of 'Gravenmoer,' Holland.

After the honeymoon which will be spent at Star Beach, Mr. and Mrs. Oostermeijer will make their home in Soe Chow, North China.

VICTORIA WOMEN I.O.G.T. OFFICERS

Mrs. Hoey and Mrs. Laing Elected at Grand Lodge Sessions Saturday

At the annual convention of the Grand Lodge of British Columbia, International Order of Good Templars which commenced its fortieth annual session Saturday in Vancouver, under the presidency of Brother Jos. Carlson, Grand Chief Templar, there were more delegates than strength every day as a result of the increased enthusiasm among the Good Templars of the province.

In his annual report the Grand Chief Templar congratulated the Grand Lodge upon the healthy state of the Order, stressing the fact that the temperance cause was gaining strength every day as a result of the number of lodges and membership. An impressive memorial service was held during the day for the late Brother Samuel Gough, Grand Treasurer and Brother Captain C. W. Whitaker, Past Grand Chief Templar, who died from drowning a few weeks ago.

OFFICERS ELECTED

The election of officers resulted as follows: Deputy International Chief Templar, Brother J. Fletcher, Vancouver; Grand Chief Templar, Brother J. Carlson, Vancouver; Grand Vice Templar, Sister J. Johnstone, Vancouver; Grand Treasurer, Brother C. Wilson, Nanaimo; Grand Secretary, Brother F. Harrison, Vancouver; Grand Elder, Sister J. Fletcher, Vancouver; Grand Supt. Temperance Education, Brother M. Storey, Nanaimo; Grand Supt. Juvenile Work, Sister P. Hoey, Victoria; Grand Chaplain, Sister C. Laing, Victoria; Grand Marshal, Sister E. Ward, Nanaimo; Grand Councillor, Brother W. J. Brown, Nanaimo; Grand Messenger, Sister M. Cotte, Nanaimo; Grand Assistant Secretary, Sister E. Duffield, Vancouver; Grand Guard, Brother Hans Wilkies, Newson; Grand Sentinel, Brother C. Gilley, New Westminster and Grand Past Chief Templar, Brother A. Malander, Vancouver.

In the evening the officers and members of Linnia Lodge No. 76 entertained the 'Grand Lodge' at a banquet, at which the new Grand Lodge officers made speeches in recognition of their election to office. A musical programme was given and a presentation of a fountain pen to Brother P. Christensen of Linnia Lodge No. 76 for serving the most new members during the year.

The next annual meeting will be held in Victoria.

Mr. W. J. S. Waugh, who has been spending the summer months in Victoria at his home on Holland Avenue, left last week for Winnipeg where he will spend the winter.

Mrs. E. H. Suddaby, Island Road, Oak Bay, who has been spending the last two months in Perno as the guest of her son and daughter-in-law, Mr. and Mrs. Norman Suddaby, is expected home in Victoria tomorrow.

Mrs. Rudolph de Trafford and her brother, Mr. Jack Chaplin, left yesterday for Boston, Mass., after visiting Mrs. Croft at "Mount Adelaide," Esquimalt. Mrs. de Trafford will sail with her husband on October 9 for England.

Mrs. J. E. Umbach and Miss Millicent Umbach will leave Victoria on Sunday next for Los Angeles, where Miss Umbach will take a commercial course at the Otis School. Mrs. Umbach and Miss Umbach expect to be absent from Victoria for eight months.

On Saturday afternoon Mrs. Umbach, regent of the Daisy Chain Chapter, I.O.G.T. entertained a large number of the chapter at a farewell tea at her home on Wellington Avenue. During Mrs. Umbach's absence in California Miss Ena Henderson, the vice-president, will carry on the activities of the chapter.

Miss Hodge of the Junior Red Cross gave a most vivid and instructive talk on Red Cross work in helping the crippled children with their ever forward motto: "I serve." Miss Hodge was tendered a very hearty vote of thanks for her interesting address, served by the hostess of the day, Mrs. Stone assisted by others.

Mr. and Mrs. W. H. Hockes, Miss E. Brooks, Miss Lily Hockes and Mr. A. K. Colebrook, all of Banff, accompanied by Mrs. R. Mainwood of Calgary, comprise a party of motorists who spent the week-end in Victoria as the guests of Mr. and Mrs. G. Fowles, the Balmoral Hotel. The party left Victoria this morning for Port Angeles on their return to their respective homes in Alberta via Mount Rainier and Spokane.

Mrs. C. E. Thomas of Victoria, who has been visiting in Vancouver, was given on Friday evening by Mr. and Mrs. Julius Griffiths. Other guests included General and Mrs. A. D. MacRae, Mr. and Mrs. J. W. McPherson, Mr. and Mrs. May Hamilton, Mrs. J. E. McMullen, Mrs. Percy Shallock, Major and Mrs. J. C. Ross, Mrs. Watkin Boulton, Dr. and Mrs. Harold Ken, Mr. Percy Kilpatrick, Col. James Pell, Coy. Homer Dixon, and Mr. Arthur Thynne.

The first meeting after the summer holidays of the Guild of St. Barnabas will be held in the church schoolroom, corner of Cook and California, Thursday next at 2.30 p.m. All members are particularly requested to be present, as in addition to the usual routine business the ladies of the guild have arranged to decorate the church for the harvest festival, which will be held the following day.

His Honor the Lieutenant-Governor and Miss Mackenzie entertained at dinner at Government House on Saturday evening in honor of Lord Darling and Miss Darling. The invited guests included the Attorney-General and Mrs. A. M. Manson, Chief Justice Hunter and Mrs. Hunter, Chief Justice J. A. Macdonald and Mrs. Macdonald, Mr. Justice Martin and Mrs. Martin, Mr. Justice Gallie and Mrs. Gallie, Mr. Justice McPhillips, Mr. Justice A. Macdonald and Mrs. Macdonald, Mr. Justice Morrison and Mrs. Morrison, Mr. Justice Murphy and Mrs. Murphy, Mr. Justice Gregory and Mrs. Gregory, Mr. Justice W. A. Macdonald and Mrs. Macdonald, Mr. Justice D. A. Macdonald and Mrs. Macdonald, Judge Lempman and Mrs. Lempman.

JAPANESE ART AT CANADIAN CLUB

Something of an innovation will be introduced at the meeting of the Women's Canadian Club at the Empress Hotel at 2.45 tomorrow afternoon, when Miss Ethel Head, who has just returned after a sojourn of six years in Japan, will give a lecture-demonstration. During her stay Miss Head made a close study of the arts practiced by the women of Japan and tomorrow afternoon she will give a talk on flower arrangement and kindred arts, with demonstrations. As the Japanese have been noted for centuries for their gift in flower-arrangement, her talk should prove informative to hostesses seeking novel floral decorations as well as interesting. Mrs. Watt will be the soloist.

Nominations for office for the club for the coming year will also be announced, the election to take place at the annual meeting on October 5.

VICTORIA GIRLS WED IN VANCOUVER

Miss Rebecca L. Weston Bride at Pretty House Wedding

A pretty home wedding was solemnized on Wednesday afternoon, September 15, at four o'clock, when Rebecca Louise, younger daughter of Mr. and Mrs. E. O. Weston, was married to Mr. Egnar A. Sandahl of Chase, B.C. The marriage service was read by Rev. J. L. Clerihue of Port Moody, a friend of the groom's family, in the presence of the bride's relatives at the home of the bride's sister and brother-in-law, Mr. and Mrs. W. S. Nason, Vancouver, B.C. The home was tastefully decorated for the occasion with ivy and a profusion of autumn flowers. The bride was given in marriage by her father and entered the room to the strains of Mendelssohn's wedding march, played by her sister, Mrs. Nason. She made a charming picture in her simple dress of Antoinette and rosewood. Her silver bouquet was Ophelia roses and white gladioli. Her only attendant was Miss Ella E. Lewis of Victoria and Mr. Leonard S. Weston of Seattle acted as best man. They left by the midnight boat for Seattle and on their return will reside in Port Hammond, B.C. Coincidentally with the marriage was the wedding day anniversary of the bride's parents.

St. Mary's Church Was Scene of Very Pretty Wedding

A pretty wedding was solemnized at St. Mary's Church, Oak Bay, on Tuesday at 3 o'clock, when Dorothy, youngest daughter of the late Captain and Mrs. Fowler of England, was united in marriage to Frederick John, youngest son of Mr. and Mrs. J. Maycock, Oak Bay. Entering the church on the arm of Mr. Walter Maycock, brother of the groom, to the strains of the wedding march from Lohengrin, the bride looked charming in a dress of crepe black satin trimmed with old Limerick lace and pearls, caught with a spray of orange blossom at the left side. The tulle veil was worn with a coronet of orange blossom. Robert Barclay acted as best man. The bride carried a shower bouquet of white and mauve asters, yellow carnations and ferns.

Mrs. Barclay, sister of the bride, acted as matron of honor, wearing a pale pink and white dahlia. Miss Ella Maycock and Miss Laura Woodward, nieces of the groom, were bridesmaids, dressed in mauve crepe de Chine with beaded bands in their hair, carrying sheaves of pink and white petunias and cosmos.

The four flower girls, nieces of the groom, looked pretty in pale pink crepe de Chine with wreaths of pink and white flowers in their hair, carrying baskets of pink and white neilands. The bridegroom was supported by Mr. Jack Clarke. The ushers were Messrs. Bill and Scott Dempster.

After the ceremony a reception was held at the home of the groom's parents, 2079 Byron Street. Mrs. Maycock, the groom's mother, dressed in grey silk and hat to match, and Mrs. H. Thornette, sister of the groom, wearing a pretty dress of green embroidered white silk and white hat, helped the young couple to receive the guests, while Mr. Hayman played the wedding march. The dining-room was prettily decorated, the decorations being carried out by the groom's sister, Mr. H. Thornette.

After the wedding breakfast the guests enjoyed a pleasant evening in dancing and music, the music being played by Elsie Maycock, niece of the bridegroom.

Presentation by Lodge—Lodge Princess Alexandra, Daughters and Maids of England, held its meeting in Temple Hall on Thursday, with the Worthy President, Mrs. Hatcher, in the chair. Presentation of a beautiful fern was made to Mrs. Caldwell on behalf of the lodge for her past services. It was decided to hold the annual bazaar on Saturday, December 4, also a fern shower to take place at the next meeting, October 7, all donations to be given to the Queen Alexandra Solarium fund for crippled children. After the meeting a social time was spent, refreshments being served by Mrs. Kendall, Mrs. Warr and Miss Zeno Caldwell.

Miss Bernice McKim of St. Louis, Mo., representing the Ruby McKim studio, was a visitor in Victoria to-day.

Ladies—We are the sole agents for the W. R. Coon Co. famous Arch Preserver Shoes. They fit snug as a new glove—"breaking in" a perfect fit at all five points—length, ball, waist, instep and heel. Made in black and sorrel tan kids and patent. Beautiful design. Direct from New York.

THORNE SHOE SHOPPE 1316 Douglas St. Edmonds' "Foot Fitters" Arch Shoe for Men—the only Non-Tred-Over Shoe made

at their sixteenth birthday party to be held at the Colwood Hall on Wednesday, September 22, was accepted. Ways and means of securing an institute room was left in the hands of Mrs. Stone and Mrs. Strutt. Mrs. Reed was asked to gather further information concerning the Fall programme. The first Winter series of card parties will be held at the home of Mrs. Nicholson on Wednesday, October 6. Questionnaires were distributed to conveners of all committees, for the district conveners for the Island district conference to be held in October.

LUX - for Lace Laundering

Whether the lace be an individual piece, or a part of a complete garment, doily or drape, Lux will launder it—and the silk, or cotton with it, beautifully and safely. No shrinking, no discolouring, no wrinkling. Lux cleanses and re-beautifies—safely.

For your protection There are imitations of Lux. Always buy Lux in packages, it is never sold in bulk.

Lever Brothers Limited, Toronto

ALLENE AND PANSY SWEAR OFF BAGGAGE ON NEXT BIG TRIP

European Porters Rather
Costly Fellows When One
Travels With Big Load

They Give a Little Practical
Advice That Will Save
Money and Tempers

By ALLENE SUMNER

Rome, Italy, Sept. 20.—"And believe me, when I come the next time, I'll have no baggage—just the duds on my back."

If there is any one classic remark heard from the busy lips of "we foreigners" who have trekked across the salty waves for to see the Apaches of Montmartre and the donkeys of Italy all dressed up with red ribbons in their hair, it is the above.

All by way of launching into the lesson, part of which, at least, shall concern itself with what to wear and what to bring when you come to Europe.

This is not so highbrow a lesson as a dissertation on the public heap known as the Roman forum, or as dramatic as an exposition of the cemetery of the Capucins in this town of Rome, which cemetery is a rural and frescoed with tricky designs wrought from the rotten bones of some 400 monks buried there, with an occasional highlight of art in the way of a skeleton dressed in a monk's gown, huddled in a wall niche.

But whether highbrow or dramatic you will bless me a thousand-fold when you trek into parts unknown with one little two-by-four wicker suitcase and a haughty smile for the "porteurs" and "fascinos" who would grab one's inheritance along with one's luggage.

Friends who have been to Europe know well, but each has his or her own little pet scheme on the howl and the wherewithal.

"Don't take a trunk! It will drive you mad!" said one or two.

"Don't try to travel with a suitcase—you'll hate being away so long without all the comforts of home!" said another faction.

We heeded the outcry of the first faction, thanks whatever Gods there be! Thou do likewise! A trunk when traveling in Europe is about as necessary as a marmalade fern growing from horses' ears.

Besides, the pence, Imogene! One pays full fare for a trunk in all countries of Europe.

Having steered you into the straight and narrow which permits of no trunk when traveling in Europe, let me attempt to persuade you to let the "family suitcase" tarry at home, and take with you into parts afar merely in overnight bag stocked with only such essentials as you will need on the boat, and such things as cannot be resupplied in most any store anywhere—and there are fully as many kinds of stores in Europe as at home, mark ye!

It works like this. Porters are allowed in only very few trains in Europe. We have found but one station in almost constant travel over three nations where porters are permitted to board trains at stations and take luggage off.

The accepted method is for one-half of one's party to betake itself to the platform while the other faction hurries luggage through the compartment window at 'em or on 'em, smash what will.

Not so much fun when one has attempted to load the shops of potteries and pictures and perfumes, all that the old family pocket book will stand, heavy though the results may be!

Then one pays the porter by bag, something like fifteen cents a bag, which does not seem so bad, but after the first hundred moves might have bought a gorgeous Roman scarf or Florentine bag.

One pays per bag, also, in the taxis, and one finds oneself growing more and more reluctant to move on to fairer climes with the baggage problem eternally haunting one!

The very smartest Canadian I have found in Europe is a professor who is traveling utterly sans baggage save for a brief case wherein are tucked a toothbrush and one specimen of the family B.V.D. Professorial.

He buys soap, cough drops, shoe strings, handkerchiefs, shaving cream as he needs it, or then, he estimates that he is in no way extravagant by throwing his various purchases away when confronted with the cost of baggage he has to pay.

He is the merriest, happiest, traveling soul, pushing on from one unknown place to another, walking the highways and byways, and free to roam when and where he will as the ubiquitous Italian flea.

One dark and cool traveling costume is about all one needs, anyway. Travelers are accepted at par value and nothing more is expected of them. I have not seen one dress hat among the traveling herd yet!

Capetown, Sept. 20.—Premier Hertzog's decision to submit the question of the new national flag for South Africa to a referendum is opposed by the press generally. The Cape Times, The Rand Daily Mail and The Cape Argus urge the dropping of the flag question for the present.

No More Piles

Thousands Bless Dr. Leonhardt, the
Physician Who Discovered This
Common Sense Remedy

If you think that the surgeon's knife is the only way of escape from the misery of piles, it's because you haven't heard of the new treatment known as Dr. Leonhardt's HEM-ROID.

This Doctor's treatment is internal. By experimenting for years he discovered the exact cause of piles and then went further and compounded a remedy that would remove the cause.

Dr. Leonhardt wants every sufferer to benefit by his discovery and so that there will be no doubting or delay, Vancouver Drug Company and all druggists are authorized to sell HEM-ROID with guarantee that it will do as stated or money back.

On this honorable basis every sufferer should secure a package of Dr. Leonhardt's HEM-ROID to-day.

(Adv.)

THIRTEEN BANDITS IN MEXICO KILLED

Shot by Troops as Result of
Murder of Jacob Rosenthal
of Long Island, N.Y.

Mexico City, Sept. 20.—Thirteen men have been killed by Mexican troops pursuing bandits who stabbed Jacob Rosenthal of Long Island, New York to death while holding him for ransom.

Six of these killed were regarded by the troops as guilty and the others were suspects.

Three known bandits were killed when soldiers disguised as civilians went to their lair ostensibly to pay the \$10,000 ransom which had been demanded.

Police suspects were killed in fighting with federal troops near Huixtla.

The three other men who had been identified by Joseph Ruff, son-in-law of Rosenthal, as having been with the bandits' party which last Sunday robbed the members of Mr. Rosenthal's automobile party and took him away into the mountains, were shot when an attempt to rescue them was made, it was announced.

These three had confessed. They were being taken under military escort from Mexico City to Huixtla to be examined at the scene of the kidnapping. A statement issued by the police says a party of men, presumably their bandit friends, attempted to rescue them, and in the ensuing fight they were killed.

The body of Mr. Rosenthal is now in Mexico City, having been sent from the scene of the murder, and the necessary formalities to sending it to his home have been going and will continue to do everything possible to round up and punish the murderers.

In reply to a formal note sent by the United States Embassy to the Foreign Office the Mexican authorities have received assurances that the Mexican authorities have been doing and will continue to do everything possible to round up and punish the murderers.

NO END IN SIGHT OF CHINESE STRIFE

Business Loss Through Disturbance Heavy, Says Steel Magnate

Japan and India Forging Ahead Industrially

"General business conditions in China are not poor. There is plenty of business being done, but much more would be done if the country was not in such a state of political unrest," said Sir Edgar Jones, K.B., of London, England, who was a passenger aboard the Empress of Canada which arrived here from the Orient this morning.

Sir Edgar is closely associated with a number of prominent steel and industrial firms in England and has been sent out by them to make a thorough study of the condition of the British steel industry in Japan, India and China.

FATIGUED

Sir Edgar appeared fatigued after his long trip. He has been doing a good deal of traveling in the last few months, interviewing prominent manufacturers and steel magnates of the Far East, but is yet looking forward to a journey nearly half-way round the world. When he arrives in England next month he will have made a complete trip around the world, having commenced his journey through the Mediterranean Sea and the Suez Canal.

While everything might be progressing smoothly one day in China there was always uncertainty as to what would happen the next day. There was as yet no end in sight for the political troubles in China. There was a continual tension of atmosphere in most of the cities and areas affected by disturbances.

His journey through China had not been at all affected by the recent outbreak by the soldiers there, he said. This had, however, set back business still further.

"In Japan and India, the situation is much different," he declared. "In these countries actual progress in

most of the industries can be noted. Indeed, during the last few years business there has been steadily improving. Signs of industrial expansion are everywhere apparent and in Japan there is indeed a hopeful outlook."

Sir Edgar will proceed through to New York, when he will sail back to his native land to make his report. Up to now, his journey has been business. He will have a chance to do a little holidaying in the United States.

WARSHIP INCIDENT DEPRESSES TRADE

Troubles in China Makes Business Men Reluctant to Invest

Recent outbreaks of anti-British feeling in the Orient during which Chinese fired on British warships have caused a serious disturbance in foreign trade relations, the real effect of which is not yet apparent. The continuous political troubles are causing a noticeable depression in business. Trade in China is poor. The Chinese are fighting instead of producing, and outside interests are reluctant to make investments while the country is so disturbed, said Wilhelm Herthel, representative of the Deutsch-Asiatische Bank of Shanghai, who arrived on the Empress of Canada from the Orient this morning.

The Deutsch-Asiatische is associated with the Bank of Berlin, and Mr. Herthel is returning to the German metropolis on business with the head office.

TRADE POOR

He has a great opportunity to watch the business of China through his bank, and emphatically described business conditions as bad.

The money exchange, however, remains steady, he asserts. Little or no fluctuations are noticed. This is at least a sign that business is steady in its depression, he said.

HUNTING - FISHING

Direct Service To Cowichan Lake Motor Coach leaves Victoria (Point Ellice Station, C.N.R.) 9.00 a.m. daily except Sunday for Cowichan Lake and Youbou (Mile 33).

JEFFERSON ARRIVED FROM ORIENT TO-DAY

Admiral Oriental-Liner Arrived Soon After Empress of Canada This Morning

The President Jefferson of the Admiral Oriental line arrived here this morning at 10.15 o'clock, putting into the Victoria Harbour. The vessel arrived at 9.15, about the same time as the Empress of Canada cleared for Vancouver. Except for the seas during the first few days the vessel experienced a fine trip across the water.

Among the passengers on the liner were a party of Japanese students going to the United States to attend universities there. There were twelve students in the party.

Also on board were Judge W. H. Atwell and Mrs. Atwell of Dallas, Texas. Judge Atwell is a judge of the District Court at Dallas and has been making a tour of the Orient. Other passengers included Commander and Mrs. Kelly, U.S. Navy; Dr. Dorothea Aquila and Dr. Toribio Joson, pensionados of the Philippines going to the States for post graduate courses; Lt-Commander W. C. Wickham, and family, returning from duty in Orient; Mr. and Mrs. O. W. Snyder, the former of whom is a representative of the British-American Tobacco Company; Charles M. Pappas, importer and exporter of Tientsin; W. E. Stevenson, former manager of the Singer Sewing Machine Company's branch at Kobe, returning permanently; G. M. Lovsted, logging engineer returning from business trip. There were fifty-five first class passengers aboard.

One hundred and fourteen tons of general freight were set down at this port from the Jefferson. The vessel had some 2,797 bags of mail in her hold, of which forty-four were discharged here. Nine bags were taken by Eddie Hubbard, the air mail postman, to Seattle. The liner cleared at 12.30 o'clock for Seattle.

RAILWAY EDUCATES TICKET SALESMEN

Twenty-five Traffic Officers of Canadian National Heading to Victoria

Winnipeg, Man., Sept. 20.—Twenty-five passenger traffic officers of the Canadian National Railways from Eastern Canada, Pittsburgh, St. Louis, Kansas City, Detroit and Chicago spent today in Winnipeg on their way west over the lines of the system to Prince Rupert, Vancouver and Victoria.

The party comprises the third educational tour of its kind this year and they are in charge of E. P. P. Smith, general agent, Montreal, and A. B. Smith of the advertising department, Montreal.

The purpose of these tours is to allow the members of the company in direct touch with the public to see the territory they have to sell. In the various cities they will visit the men are given short talks by board of trade representatives and others, and each night they are required to submit to general headquarters a written report on what they have seen and learned during the day. A similar tour from Western Canada is now in the Eastern provinces.

The party, which left here to-night, goes direct to Calgary, where they will remain all of Tuesday. They will be in Edmonton on Wednesday and again on October 2; Jasper from Thursday to Saturday next; Vancouver September 25 and 26; Victoria September 28 and 29; Saskatoon October 3; Regina October 4; and Winnipeg October 5.

TWO FERRIES CEASE RUNNING TO-NIGHT

City of Bellingham and City of Angeles Stop This Evening

Two automobile ferry routes which have supplied Vancouver Island with tourists throughout the Summer will cease operation to-night. They are the Sidney-Bellingham run and the Sidney-Anacortes route. In stating that the ferries would go off the coast, the ferry company said that the boats had had a fairly successful year, although not as good as last season.

The two ferries, the City of Bellingham and the City of Angeles, after leaving their runs will proceed to Seattle for the Winter. The City of Bellingham will immediately replace the ferry Olympic of the Seattle-Port Townsend run. After being relieved the Olympic will lay up in the City of Angeles.

The only ferry remaining in operation from the Island to the Mainland will be the Motor Princess, running from Victoria to Nanaimo. The vessel has been making two trips a day since May, but will cut down to the single schedule to-morrow. The Motor Princess will stop at the end of the month.

With 200 tons of general cargo and a few passengers for this port the Osaka Shosen Kaisha liner Alabama was docked at Pier 1, Roberts at 1.45 o'clock this morning. After discharging her cargo the vessel left for Seattle at 5.30 o'clock.

The vessel arrived well within her schedule. She was delayed slightly during the trip through headwinds which, according to the captain, she encountered when a couple of days out. They lasted for four days but the vessel made up time during the latter part of the voyage.

Montreal, Sept. 20.—No Canadian government merchant marine vessels were in the danger zone of the Florida coast over the week-end, R. B. Teakle, general manager of the company said this morning.

"We have made a check on our ships and they were not in the track of the storm," he said.

EMPRESS OF CANADA HAS SMOOTH TRIP

C.P.R. Liner Crosses Pacific With Big Silk Cargo

Thirty-seven hundred tons of silk, destined for New York, was included in the cargo of the Canadian Pacific trans-Pacific liner Empress of Canada, Capt. S. Robinson, which arrived here this morning from the Orient. The valuable silk cargo will be shipped on a special train at Vancouver and will be rushed through to its destination.

The big liner steamed into William Head quarantine station at 5 a.m. and docked at Rithers' Pier about 9 o'clock. The vessel enjoyed good weather all the way over, Capt. Robinson stated.

Sixty-two tons of general cargo, including a great deal of Chinese provisions, were set down here for the Empress of Canada, including the 3,737-ton silk shipment.

Mail for this port amounted to twenty-seven bags. Air Pilot Eddie Hubbard flew off to Seattle with twelve sacks.

Conspicuous among the passengers were: G. A. Melvor of Edmonton, sales manager Alberta Saskatchewan Wheat Pool, on business tour of the Far East; L. B. Sayre, so-in-law of the late President Wilson, who is journeying with the prince as representative of the United States.

Among the other prominent passengers were: G. A. Melvor of Edmonton, sales manager Alberta Saskatchewan Wheat Pool, on business tour of the Far East; L. B. Sayre, so-in-law of the late President Wilson, who is journeying with the prince as representative of the United States.

OBITUARY

Funeral service was held at the S. J. Curry & Son Funeral Home Saturday morning at 11 o'clock for Richard Copeland, who passed away in this city on September 16. Rev. H. R. Baker officiated and the following acted as pallbearers: C. Bates, W. T. Colford, W. T. Howard and H. Lewiston. The remains were laid to rest in Ross Bay Cemetery.

There passed away Friday, at the Royal Jubilee Hospital, after a short illness, William Boddy, aged seventy-five years. The remains are resting at the S. J. Curry & Son Funeral Home, 380, Quadra Street, corner Broughton, pending funeral arrangements, which will be announced later.

The funeral of Private Lucas Evans, who passed away in this city on September 15, took place Saturday afternoon at 2:30 o'clock from the S. J. Curry & Son Funeral Home. Rev. A. E. de L. Nunn officiated and the hymn "Peace, Perfect Peace" was sung. There was a large gathering of friends in attendance and many beautiful floral designs covered the casket, testifying to the esteem in which Private Evans was held. The Canadian Legion was represented by Mrs. Chambers. The following gentlemen acted as pallbearers: J. Diment, E. R. Owen, W. J. Clarke.

NEWS IN BRIEF

Patrick Phillips, Deputy Minister of Public Works, will address the Kiwanis Club Tuesday on the newly-completed Cariboo highway.

The Young People's Department of the Douglas Street Baptist Church will hold their annual grand rally and banquet to-morrow evening at 6:30 o'clock. Members and friends are cordially invited to attend.

In a sale made over the counter at the City Lands Department to-day a down-town lot between Pandora and Cormorant Streets, west of Broad, will pass into private ownership for \$3,500, if the formality of council ratification is secured. The lot is forty feet by sixty feet and adjoins that sold at the first city auction sale for \$700 last year, and later resold for \$1,750.

Victoria Lodge No. 1 Ancient Order United Workmen met in the K. of C. Hall, Friday evening, September 17. There was a large attendance of members. After the meeting a social was held, games and cards were played, Mr. N. Hirst winning the prize. Tombola was drawn for after which all sat down to a "hot dog" supper, which was greatly enjoyed by all.

The Hudson's Bay Company announces the appointment of Mr. Charles G. Banner to the position of credit manager at the local store, succeeding Mr. S. M. Oliver. A native son of Victoria, Mr. Banner was formerly with Fletcher Brothers' Music House, having served that store for six and one-half years. Previous to that he was for thirteen years connected with Pither and Lester Limited, of this city.

The regular meeting of Victoria Lodge No. 1 I.O.O.F. will be held to-night in the I.O.O.F. Hall, Douglas Street, at eight o'clock. All members in good standing are urged to be present, as some very important questions will be discussed. The lodge enters upon its Fall and Winter work and with an increase in attendance and enthusiasm the lodge expects to do good work. Out-of-town Odd Fellows are cordially invited to attend.

Falling within the city by-law which restricts collection by faulty drivers away from their respective vehicles, George Wootton was fined \$1 in city police court to-day. Traffic evidence indicated the accused solicited business for trolley tours among those traveling on ferry boats, said the court. The by-law provides that the announcers or business agents must be either on or beside the vehicles they represent. As the measure was comparatively new he would make the fine light. Magistrate Jay said.

In the feature article in Saturday's Times dealing with the city's water service the name of the former manager of the original Esquimalt Water Company, who played an important part in the development of the Esquimalt waterworks system was erroneously given as Theodore Lubbe instead of Theodore Lubbe. Mr. Lubbe will be remembered by the majority of Victorians for the ability he showed in promoting the waterworks system of which he was the dominant factor.

The City Hall will take the lead to-morrow in decorating the city in honor of the convention of Dominion delegates to the annual gathering of the Army and Navy Veterans of Canada. The convention headquarters will be the Empress Hotel, delegates arriving to-day and to-morrow, and remaining until Saturday. A large number of delegates, from points as far east as the Atlantic coast, will be in the city for the annual gathering. Merchants and others who have bunting and decorations on hand are asked by Mayor Pendray to assist in dressing the city in honor of the visit. It has been found from past experience that a decorated city makes a unique appeal to visiting delegates, who, in returning to their homes on this occasion, will travel to almost every centre in Canada.

The Native Sons of Canada wish to thank the following firms for their generous donations towards prizes for the championship field events held July 2: Times Publishing Company, Clearhue and Straith, Veller Furniture Company, Weller Auto Supply, Dinmore Brothers, Poodle Dog Cafe, Victoria Sporting Company, Pemberton and Sons, Price and Smith, J. Kingham and Company, Nutrie and Sons, Painter and Sons, E. Scurrah, Sylvester Feed Company, Begg Motors, E. G. Prior and Company, Steve Jones, U.C.T. Ball Team, St. James Hotel, Alfred Carmichael and Company, B.C. Electric, Hudson's Bay Company, George Straith, King Brothers, Dunlop Tire Company, Quality Press, Litchfield Limited, Northwest Creamery, B.C. Bond Corporation Limited.

OAK BAY AND CITY NEAR WATER TROUCE

Final Details of Plan For Independent Settlement Now Well in Hand

Progress is being made by Oak Bay and City officials working on a plan to bring the water rate issue before a provincial board of inquiry for settlement.

The plan has been considered and approved by the city water committee and will shortly go to the City Council for ratification. The details of the plan will be discussed. Settlement of the water rate issue by independent board of inquiry was negotiated by Reeve H. Anselcomb, for Oak Bay, and Mayor Pendray, for the City. All that now remains to be fixed is the term of years for which any rate increase by the provincial board would hold good. The plan is regarded in Oak Bay and in City Council circles with some enthusiasm, as a direct means of saving the costs and uncertainties of a suit at law. The City's intended suit against Oak Bay has been withdrawn, and now both sides are proceeding amicably to a settlement of the first points at issue.

ST. ANDREW'S CHURCH MARKS ITS SIXTIETH ANNIVERSARY WITH JUBILEE CEREMONIES

St. Andrew's Presbyterian Church marked its sixtieth anniversary yesterday with fitting services to mark its long history of achievement in the Victoria field.

The diamond jubilee services were conducted under particularly happy auspices. The Rev. W. Weyer, D.D., of the First Presbyterian Church, Tacoma, one of the outstanding figures in the Church in the United States, was the special preacher of the occasion, and in an eloquent sermon outlined some of the strides made by Presbyterians here and in other parts of America in the last half-century.

The choir, under the leadership of Jesse A. Longfield, rendered a programme appropriate to the occasion, including the "Te Deum" by Dykes and Handel's "Hallelujah Chorus."

MEETING TO-NIGHT

The ceremonies marking the church's diamond jubilee will be continued to-night with a social gathering of the congregation and friends. His Honor, Lieutenant-Governor Randolph Bruce and representative ministers, will be among the speakers, who will review the history of the last sixty years, during which St. Andrew's has been one of the leading churches of British Columbia. The chief speaker will be Rev. Dr. Leslie Clay, the eminent pastor of St. Andrew's and an outstanding figure in the Presbyterian Church throughout America. He will describe in some detail the history of the institution with which he has been so prominently associated. On Wednesday evening a general service of praise and thanksgiving will conclude the jubilee ceremonies.

HISTORY IS VARIED

In connection with the diamond jubilee a historical sketch of St. Andrew's has been issued. This review of the outstanding events in church life since its inception, beginning with the meeting on the evening of Wednesday, September 5, 1866, when a number of Presbyterians gathered in the Mechanics' Institute, Yates Street, with D. M. Lang in the chair, and Mr. Thomas Somerville, secretary, proceeded to found a Presbyterian congregation under the auspices and in connection with the Church of Scotland, and under the ministry of the Rev. Thomas Somerville, M.A. Five days later the infant was given the name of Scotland's patron saint, and given a temporary home in a hall on Broughton Street, which was afterwards purchased, long used for Sabbath School and other congregational purposes, leased for a school room, afterwards sold, turned into a carpenter shop, and finally torn down to make room for the Chugranes Block in 1905.

NEW BUILDING

The erection of a suitable building was, from the outset, regarded as a necessity. Added to this was the liberality of the Church of Scotland, in 1868 the congregation purchased the lot on the northeast corner of Gordon and Courtney Streets and thereupon erected a church, which was the pride of many hearts, retains some of the lines of its original beauty and ecclesiastical dignity.

The corner stone was laid with Masonic honors on August 28, 1868, and in April 1869, the building was opened and dedicated. The Rev. Dr. Lindsay of Portland, Oregon, preached the opening sermon, and the Rev. Mr. Aitken, who was then supplying the pulpit of the First Presbyterian Church, preached in the afternoon. The first kirk session was elected in July of that year, and consisted of James Bissett, Robert Wallace, Wm. Gibson and Alexander Munro.

DR. CLAY INDUCTED

In June of the following year the Rev. W. Leslie Clay was inducted, and continues to minister to the congregation. Through many years of general depression, the congregation struggled with a huge debt incurred in the erection of the present building. Finally a scheme was devised by Mr. P. Ribet, and supported by his congregation, and locally, often self-denyingly, pursued, until on the fortieth anniversary of the church's founding, (1906) the last dollar was paid, and St. Andrew's was free of debt.

Two Channel Swimmers Fail

Dover, Eng., Sept. 20.—Miss Mona MacLellan abandoned her Channel attempt this evening. She was taken from the water when a mile off the Dover pier at 7:58 o'clock this evening after swimming for twenty-five hours and twenty minutes, the longest time any woman has ever stayed in the Channel. Miss MacLellan is a resident of Hythe and a physician.

VISITED SCOTLAND

His written appeals for assistance having failed to impress the church at home with the needs and claims of the Province, in 1875 Mr. McGregor paid a personal visit to Scotland to endeavor to persuade the governing authorities that epistolary correspondence had failed to secure. So successful was that visit that on his return he was accompanied by three ministers, the Revs. Wm. Clyde, Alexander Dunn and George Murray. These men, with the Rev. A. B. Nicholson, who had supplied the pulpit of St. Andrew's during Mr. McGregor's absence, joined him in organizing the "Presbytery of British Columbia. He also had secured from

GOVERNMENT WILL PROCEED AGAINST TAX DELINQUENTS

Mass Prosecution Will Open Throughout British Columbia

Wholesale prosecutions will be launched by the Provincial Taxation Department against all British Columbia taxpayers who have failed to submit taxation returns this year. This massed attack on taxation delinquents—the most drastic drive of the sort ever attempted here—will get under way after September 29. Up to that time persons who have failed to make returns or who have made false returns will be given a last opportunity to obey the requirements of the Taxation Act.

IN POLICE COURT

This involves summary trial before a police magistrate and conviction renders the taxpayer liable to penalties up to \$500. Those taxpayers who make misleading statements and do not report their full incomes are subject to greater penalties, as such an act upon their part is regarded as a serious violation of the statute.

MANY DELINQUENTS

This action has been rendered necessary by the disregard which some taxpayers have shown for these provisions of the Taxation Act which require all to make returns within a certain specified time. A final warning was issued to-day that those who persist in their delinquency will be summarily dealt with.

WITHDREW FROM OLD CHURCH

That year was marked by another important event in the history of St. Andrew's—the withdrawal of the congregation from the benign care of the Church of Scotland and its union with the Presbyterian Church in Canada. Five years earlier a deputy from the Canadian Church—the Rev. Dr. Cochrane of Brantford, Moderator of the General Assembly—had visited the Coast with the object of learning what might be the disposition of the Scottish Presbyterians here towards such a change. The time for such action did seem ripe, and when in 1887 the transfer actually took place, the mother church gave her cordial benediction.

REV. DR. LESLIE CLAY

the mother church a pledge of £1,000 per year towards the support of the work of the new presbytery. In 1881 Mr. McGregor withdrew from the work and returned to Scotland, where he became minister of the parish of Appleton. In 1904 he retired from active service and made his home in Edinburgh, where he died in 1905.

ST. ANDREW'S CHURCH

His successor was the Rev. Robert Stephen, who was a scholarly attainments, refined sentiments, unostentatious piety, and retiring disposition. His pastorate continued until 1887.

ONE-YEAR TERM GIVEN COLLECTOR ON THEFT CHARGE

Sum of \$5,199 Was Lost in Speculation, Court is Told By His Counsel

Herbert E. Braley, pleading guilty on remand to a charge of theft from the Walter E. Evans Piano House, was sentenced to one year's imprisonment in the city police court to-day.

In passing sentence after character evidence had been heard, Magistrate Jay stated that he took into consideration the fact that the offence was the first by the accused. A penitentiary term of many years could have been imposed, remarked the court.

The accused was charged with misappropriation of \$5,199 in funds collected by him on behalf of the firm with which he was employed.

Speculation, said defence counsel, Sidney Child, was the cause of the delinquency and resulted in the loss of the money. Defendant has a wife and one child. C. L. Harrison appeared for the prosecution in the uncontested hearing.

GYRO IS MAKING GREAT PROGRESS

International President Tells of Extension Work Being Done by Young Men's Club

"Now that the truths of Gyro are being better understood, the movement is spreading rapidly," declared Clarence Loughheed of Calgary, international president of Gyro, in an address before the local Gyro Club at a luncheon to-day.

"For some time we have been withholding something of genuine interest from the young men of this continent, but to-day the spirit of Gyro, the key-note of which is Friendship, is bringing many more young men to the colors," he went on. "Spokane, Montreal and several other cities are about to be enlisted on the roll of Gyro."

President Loughheed is completing a tour of district No. 4, and proposes, before his term of office expires, to visit the six or seven clubs in the international Gyro. The president intimated that European countries were becoming interested in Gyro, and that Australia was inquiring of the movement.

SOME OF THE NEEDS

President Loughheed spoke of the need of Gyro education more inter-club visits and greater extension work.

"District No. 4, I am proud to say, has done more to preach the gospel of Gyro than any other district in the international," he said. "I am hopeful that the district will continue to uphold its magnificent record."

Gyro "Mike" Finland, governor of district No. 4, in introducing the international president, said: "President Loughheed exemplifies all that is best in Gyro."

Gyro Archie Muir, president of the local club, expressed the pleasure of the Victoria Gyro in having President Loughheed at the luncheon.

JAPAN'S BANGER OVER-POPULATION

There are people in the Orient who are looking to Canada and the United States with a longing, covetous gaze, said W. A. Stevenson, importer of Kobe, who arrived aboard the Ss. President Jefferson this morning. "The Japanese are a tremendous race of people. They are a progressive race, full of ambition," he added.

EXPANSION PROBLEM

The great problem facing Japan is that of expansion. Mr. Stevenson believes. "Unless there is some place where she can ship her superfluous population she will become overpopulated and face possible stagnation, national unrest and revolution. This may be many years away in the future. It may be to-morrow," Mr. Stevenson said. At any rate, he declares, she is looking this way for a place to send her people.

"The Pacific may some day see the sort of racial antagonism that has brought agony to Europe," said Mr. Stevenson.

Although Mr. Stevenson foresees some trouble, he does not prophesy any sort of friction between nations bordering on the Pacific. At the same time, he asserts, every nation must guard its own possessions and its own future, for although the growth of the North American peoples might be slower, it was just as sure as that of Japan and China, Canada and the United States needed the soil they held, he said.

FRENCH SCREEN SENSATION APPEARS WITH MEIGHAN IN DOMINION PICTURE

Reenee Adoree in Paramount Production, "Tin Gods," Brings All the Charm and Warmth of Volatile Personality

Reenee Adoree, whose portrayal in "The Big Parade" has been claimed one of the outstanding performances of the year, began her screen career, oddly enough, as an Irish girl, Tom Moore's sister, in one of his pictures. The little French mademoiselle successfully interpreted a daughter of Erin and thus embarked on a film career that has given her a wide range of parts.

Miss Adoree has a preference for roles in which she can give all rein to a vivid personality. Unlike other players, she doesn't add or joke between scenes.

While appearing opposite Thomas Meighan in Paramount's "Tin Gods," this week at the Dominion, Miss Adoree would retire to her portable dressing-room. There she concentrated on the character she portrayed—a Latin-American singer in border case. Or else she talked to Meighan. Director Allan Dwan, Alleen Pringle and William Powell about the scenes that followed.

To the role of "Charita" in "Tin Gods," Miss Adoree brings all the charm and warmth of a volatile personality. Her part in the screen version of William Anthony McGuire's stage play is that of the untamed girl who by her love and tender care regenerates Thomas Meighan, whom his ambitious, indifferent wife, Alleen Pringle, had abandoned and nearly succeeded in destroying.

Miss Adoree professes no preferences as to roles she is called to portray, stipulating only that they be stirring and life-like.

Arranged in a straight line the highways of the earth would reach to the moon and back—477,836 miles.

CAPITOL WILL OFFER NEW ENTERTAINMENT

Commencing Monday the management of the Capitol Theatre will present for the approval of its patrons the Capitol Merry-makers. This week they are composed of twelve artists who will present, afternoon and evening, a style of entertainment that is entirely new to this city. As their names imply, the Merry-makers are banded together for one purpose only, namely, to present music, melody and laughter. As an added novelty, special lighting and scenic effects have been installed and it is promised that nothing quite as good as this has been seen in Victoria before.

A great deal of expense has been incurred, as the management feel that after once witnessing one of these performances that it will be in future quite an added attraction to the usual programme, so don't fail to see the Merry-makers at the Capitol Theatre this week.

Your next classified ad. will, doubtless, save you the trouble of worrying about that vacant room in your house.

Ernie Petch Back In Musical Comedy Show at Playhouse

Peggy Sullivan Also Comes Back. "Infatuation" On Screen

In the musical comedy at the Playhouse this week Grandpa (Reg. Hincks) had five grand-daughters, Eva Payne, Peggy Sullivan, Eleanor Duncalf, Roberta Balcom and Vivien Combe. They had two country suitors, Ernie Petch and M. Courtier, but Grandpa did not think them suitable. So he asked a friend of his in the city who suggested one Algenon Gunnion (Harold Bechtel) who had sufficient money and no bad habits. Poor Algenon found himself in deep water when the two boys started playing tricks on him and doing everything they could to make him look foolish in front of the girls, which considering what he was wasn't so difficult at that. However, he wins out in the end. There is some more excellent dancing in this show which marks the return to the stage of Peggy Sullivan who was such a favorite last season with her "tap" dancing. Mr. Courtier will contribute some tenor songs and Ernie Petch returns to the cast with vigorous vigor after an enforced holiday.

"Infatuation," starring Corinne Griffith will be on the screen.

The film is based on W. Somerset Maugham's well-known stage success, "Caesar's Wife." Percy Marmont plays opposite the star and the rest of the supporting cast include Malcolm MacGregor, Warner Oland, Leota Lorraine, Claire DuBrey, Martha Mutttox and Clarissa Selwynne.

Super-production "Over the Hill" is Columbia Feature

Pathetic Story Full of Heart
Throbs Here For Three Days

All that makes "Over the Hill," now at the Columbia, a great picture is not on the film. It is in the human heart. William Fox does not offer a spectacle or a thrill, but he gives you yourself—takes out your sympathies and hands them back to you.

There's nothing in the story that you don't put there, no artificial emotional stimulus of sight or sound which half approaches that which mere suggestion arouses within you. No little sister fleeing before black lust, no persecuted damsel hurtling toward icy falls, no Persian hordes flocking through betrayed gates—merely a shabby old woman plodding with her bundles over the hills to the poorhouse.

How strange it is that producers have wasted so much time over the struggles of silk stocking ingenues with the cost of high living, when people all along have been eager to sympathize with ordinary folk whose problems are closely akin to those of the majority!

Now showing till Wednesday, "Over the Hill" is a success because it presents a homely story so convincingly as to arouse the finest emotions of each spectator. It is narrative rather than plot, humble rather than pretentious; but its people and its problems are very real, and its climax satisfying—marvelously so.

Romantic Drama With Heart Appeal Comes to Coliseum

"Pollyanna" Claimed To Be
Most Beautiful Story
Ever Staged

Ed. Redmond and his company are offering this week "Pollyanna," a romantic drama with strong heart appeal and a lively vein of humor running throughout.

The Coliseum management announces that, after deducting operating expenses, a substantial percentage will be given over to the Solarium Fund, Victoria's theatre-goers, visiting the Government Street theatre, will not only witness a wonderful play, but also contribute to a worthy cause, the return to health of crippled little ones.

The story deals with a young orphan girl, Pollyanna (Marie McLaughlin), who has been blessed with a generous share of the three graces, Faith, Hope and Charity. Her wonderful optimism in the face of adversity and happy acceptance of life in the drab surroundings of an orphanage, her friendship, almost Damon and Pythias in its intensity, with Jimmy Bean (Jack Cassidy) another inmate, the accident, which cripples her limbs but strengthens her faith, the meeting with the wealthy John Pendleton (Alex. Wiers) who sends her to a famous specialist in Europe, and her triumphant return, cured, forms the theme of the most beautiful story ever staged.

A great deal of the humor arises out of the immense simplicity, optimism and faith of Pollyanna, the Glad Girl, among her more sophisticated friends.

Others in the cast include Eileen Allwood, Lorna Griffith, Violet Taylor, Ruth Hamilton, Catherine McDonagh, Ed. Redmond and George Olsen.

WILL OF LATE DUKE OF ORLEANS PUBLISHED

London, Sept. 20.—A clause cutting his wife out from all right to his estate is included in the will of the Duke of Orleans, pretender to the French throne, which has been filed here for probate.

The royal exile is said to have left some £150,000 in property in England, where he spent much of his time.

He will also says: "It is my wish that my mortal remains, which cannot be committed to earth in France, my beloved fatherland, shall be buried at sea within sight of the coast of France."

The Duke of Orleans died at Palermo, Sicily, last March and was succeeded in the pretense by the Duke of Guise. The body was provisionally buried in the cemetery at Palermo.

"From Contented Cows" Produced in Canada

ADVENTUROUS EPOCH OF UNITED STATES HISTORY PRODUCED AT CAPITOL

"Three Bad Men" Is Gripping Story of Opening of Indian Lands for White Settlement in the Early Seventies

The epic photodrama, "Three Bad Men," Fox films story of the opening of the Indian lands for white settlement in the early seventies, will have its first showing at the Capitol Theatre to-day.

From the first title to the last fadeout this picture held the attention of the audience by its masterly portrayal of one of the most glamorous and adventurous epochs of United States history. Against a vast background of mountains, deserts and plains, and amid the struggle of thousands of settlers for the best of the virgin lands, is woven a drama that holds an interest seldom equalled.

For probably never before have such strangely different characters played their parts in such strange circumstances. Here is a real story of two young pioneers, the orphaned Lee Carleton, played by Olive Borden, and footloose Dan O'Malley, played by George O'Brien. And guiding and watching over them like the fates themselves are the "Three Bad Men," the bully, the card sharp and the rustler. Here again three of the best known character actors of the screen give three of the most convincing portrayals conceivable, because these three are J. Farrell Macdonald, Tom Santschi and Frank Campeau.

The mushroom town of Custer on the edge of the virgin lands is reproduced with historic fidelity, together with the typical characters of the times. These characters are played by some of the best known stars of to-day. In fact, Lou Tellegen plays the part of the suave but ruthless gambler, Layne Hunter, while Jay Hunt, who starred in "Lightnin'," makes a telling picture as the old prospector. Another star who captured the hearts of the audience was Alec B. Francis, who made such a tremendous success as the minister in "Thank You." Again he plays the part of a man of God, but in very different circumstances.

Nor is comedy lacking, for George Harris, the diminutive English comedian, who plays the part of Joe Minsk, and Otis Harlan, who is the printer and editor of a pioneer newspaper, furnish plenty of laughs. Others in the cast are Priscilla Bonner, Grace Gordon, George Irving and Walter Perry. John Ford, who gained fame with "The Iron Horse," has added greatly to his reputation by his direction of "Three Bad Men."

SCOTS WOULD LEVY ALL TAXES UNDER OWN PARLIAMENT

London, Sept. 20.—A bill was recently presented in the British Parliament providing for the establishment in Scotland of a single chamber parliament dealing with Scottish affairs which shall have sovereign power to make laws for the peace, order and good government of Scotland. An executive committee is to be established to aid and advise the king's representative in Scotland responsible to the Scottish Parliament. The parliament will consist of 148 members, representing the existing constituencies and will derive its power from the people of Scotland voting in parliamentary elections.

The bill further provides that when the Scottish Parliament is constituted the representation of Scotland in the Commons House of the Imperial Parliament will cease, and those members of the Imperial Parliament who represent Scotland will retire.

HOWDY—Yes, Sir! Doug 'n Mary are back. They've been doing England, Russia and one-night stands in Europe. It's a great little world, but home looks pretty good, says Douglas Fairbanks and Mary Pickford agrees. Now for Hollywood.

bers of the Imperial Parliament who represent Scotland will retire. Executive powers will continue to be vested in the King, who will be represented in Scotland by a Lord High Commissioner, appointed annually to the Governor-General of Canada. With the exception of the navy, the army, air force and the foreign office, referred to as "joint services," as they will be administered jointly by the two parliaments, all the national services and departments, such as postal, telegraph, telephone and wireless; the administration of old age pensions, national health and unemployment insurance and customs and excise, will be under the sole control of the Scots Parliament.

Regarding the joint services, the bill provides for the separation of any or all of the joint services on the demand of either the Scottish or British Parliaments, or when there is a disagreement on the proportion of the cost of these services to be borne by each, or as to the administration. In the case of separation of the joint services each country shall then administer and finance its own service. Disagreements on such matters are first to be brought before a consultative council to be known as the joint council.

The proposed bill provides that the power of levying and collecting all taxes, including the income tax, in Scotland is to be transferred to the Scots Parliament and these taxes are to be paid into a Scottish treasury. In place of the House of Lords as a final Court of Appeal, a Supreme Court of Scotland is to be substituted but any person has the right to petition the King for leave to appeal.

If your property is attractive—and your ad is explicit the sale is assured. Of course, one publication of your ad may not be enough.

STATIC DIRECTION AFFECTS SIGNALS

Washington, Sept. 20.—The direction from which most static disturbances come should be considered in selecting sites for radio receiving stations, says Dr. L. W. Austin, of the bureau of standards, Department of Commerce.

The only practical method thus far discovered for reducing atmospheric disturbances or static in radio telegraphy or telephony in any marked degree, at a given frequency, is by use of unidirectional reception, believes Dr. Austin.

Unidirectional reception means using some form of antenna or antenna system which receives more strongly from one direction than from another.

This sort of reception is useful whenever the static does not come from the same, or too nearly the same direction as the station received. In this case the ratio of the

signal can often be made from ten to twenty times better than on a simple antenna.

For this reason the general direction of static should be considered before a radio station is constructed so that the best results can be obtained.

City-planning Engineer Goes To Vancouver

Toronto, Sept. 20.—Horace L. Seymour, well-known consulting engineer, has gone from here to Vancouver, B.C., where he has been appointed resident engineer of that municipality's city-planning scheme, which is expected to take three years to carry out. He was in charge of the rehabilitation of Halifax, N.S., following the disaster there several years ago.

The population of the earth doubles itself in 250 years.

Leicester City Goes To Top When Burnley Flops For First Time

Manchester Defeat Former Leaders; Arsenal Breaks Series of Two-Draws

Huddersfield Obtains Second Win in Year; Twelve Goals Scored in One Match

London, Sept. 20.—(Canadian Press Cable)—Forty thousand fans, the largest gate of the day, assembled at Highbury Saturday to witness Arsenal break the series of two-draws which they ran into a couple of weeks ago, and emerge victors over Liverpool by the score of two goals to nothing in a scheduled encounter in the First Division of the English League. The Metropolitan are now bracketed with Sheffield United and Birmingham in fourth place.

Due to the heat wave which spread over the whole country, in many of the games the players would be in condition bordering on collapse. First Division games saw three exciting teams acquire full points, Burnley defeated Aston Villa Park, Leicester City climbing into first place when they defeated Everton at Everton and Birmingham taking the measure of West Bromwich in a midweek feature.

BURNLEY FELL DOWN

Burnley, who had been leading the league since the opening of the season, encountered their first snag when they succumbed to Manchester United at Old Trafford.

An error by Crilly of Derby County, who shot into his own goal, robbed his team of two merited points when he home team were completely split the issue with the visiting Newcastle United.

A similar accident, but with no such unfortunate results, featured the game at West Bromwich when Jones out the ball into his own nets. However, his team mate, Briggs, registered twice for Birmingham so that nothing was lost for the visitors.

Leicester City now occupies the place vacated by Burnley at the head of the league.

Huddersfield Town, the league champions, managed to obtain their second win of the year when they defeated the odd goal in three over West Ham.

Brighton, Eng., Sept. 20.—(Canadian Press Cable)—Twelve goals were scored in a sensational encounter Saturday in the Southern Section of the English Third Section Division between Brighton and Hove and Swindon Town. The game ended nine goals to three in favor of Brighton and Hove.

All Swindon's counters were registered within four minutes at a period in the game when they were five goals to the bad. They thus reduced the adverse margin to two, but the home team got going again and wiped out this temporary deficit to hold on the part of Swindon, finishing the game with nine counters to their credit.

San Francisco	72	103	.411

New York, Sept. 20.—The International League season closed yesterday with the Toronto Maple Leafs—the new champions—taking a double header from Rochester, 8-4 and 3-0.

The Baltimore Orioles, dethroned by the Canadians after holding the championship for six consecutive seasons, clinched second place by winning a double bill from Reading, 8-3, and 3-0, while Newark, which finished third, was broken even with Jersey City. Newark won the first game, 3 to 1, but was shut out in the second 2 to 0.

Buffalo and Syracuse also divided a doubleheader, Buffalo taking the first 4 to 3, and Syracuse the second 5 to 1.

VETERANS' COUNCIL MEETING

A meeting of the Veterans' football council will be held to-night at 8 o'clock in the G.W.V.A., when the business of this organization will be wound up.

FLOWERS TO MEET McTIGUE

Atlanta, Ga., Sept. 20.—Tiger Flowers, middleweight champion, will meet Mike McTigue in a 15-round non-championship bout at Tia Juana Mexico, October 15. In announcing this on Saturday, Walter Miller, Flowers' manager, said he had accepted an offer of \$25,000 guarantee with a substantial percentage and expenses from Jim Coffey, matchmaker of the Foreign Club of Tia Juana.

RUGGERS TO GATHER TO-NIGHT AND TALK OVER THE SEASON

The annual meeting of the Victoria Rugby Union will be held this evening at 8 o'clock in the Chamber of Commerce. Every person in the city who is interested in the game is invited to attend. George Jay, the president, will occupy the chair.

Nanaimo Golfers Lose Match With Uplands Golf Club

Visitors go Under by 47½ Points to 12½ on Local Course Yesterday

The Uplands Golf Club entertained a team from the Nanaimo Golf Club yesterday on their home course. As Nanaimo could not field a full team of twelve men, the home club loaned two men. Uplands scored a win by 47½ points to 12½.

Fourball matches were played in the morning and resulted in a win for the Uplands by 19½ points to 4½ points. In the afternoon singles were played and Uplands won by 28-8. The scores with the Nanaimo players named first in each case were:

FOURBALLS
Margeson and Mitchess 1. Price and Edmonds 2.
Leith and Rines 0. Savident and Challenor 4.
Simpson and Cunningham 0. Hepburn and Hunnings 4.
Leighton and Heyworth 0. Pretty and Falk 4.
Phillips and Filmer 2½. Morrison and Macdonald 3½.
Kilby and Martindale 0. Thomas and Oddy 4.

SINGLES

Margeson 0, Price 3.
Mitchell 1, Edmonds 2½.
Leith ½, Savident 2½.
Rines 2, Challenor 1.
Simpson 1, Hepburn 2.
Cunningham 0, Hunnings 3.
Leighton 0, Pretty 3.
Heyworth 0, Falk 3.
Morrison ½, Macdonald 2½.
Filmer 3, Phillips 0.
Kilby 0, Thomas 3.
Martindale 0, Oddy 3.

LAWN BOWLING

H. V. Mills, Vancouver Island single bowling champion, won the Burnside trophy for the points championship of the Victoria Lawn Bowling Club at the Victoria Lawn Bowling Club on Saturday. His score was 26 points out of a possible 56.

A. H. Parker was second with 24 points. T. Mayne third with 22 points and A. McKeachie, who was second prize man last year, was fourth with 21 points. James Munro, the former cup holder, scored 18 points.

Mills' score was composed of seven in drawing, eight in guarding, one in trailing the jack and ten in driving.

This will be the last major competition for the season. There were fifty entries.

In the ladies' singles series at Beacon Hill the semi-finals have still to be played. The third round was completed on Saturday when Caronini defeated R. Thompson. Macdonald, Armstrong, Owens and Robert Dewar are left to battle out the semi-finals, which will probably be played this week.

The only game in the ladies' singles played so far was between Mrs. Owens and Mrs. Wright, resulting in a win for the former.

The points championship on the Burnside bowling green Saturday attracted some forty entrants. R. W. Wilson of the C.P.R. won the cup presented by President J. M. Boyd. He was closely followed by the veteran, M. King, and a Finlay just two points behind. He scored 12 out of a possible 48.

In the ladies' section Mrs. James Reston won out one point ahead of Mrs. Bynne.

A remarkable coincidence occurred in the three-rink game played between the club members present, the aggregate score turning out to be a tie as follows:

C.P.R. Burnside
R. Wilson F. Holmes
D. Robertson C. A. Goodwin
W. Robb 8 J. M. Boyd 12
A. Mummery A. Finley
J. Pelling P. Byng
P. Harris P. Handley
W. Wood 11 R. Huddleston 15
W. Williams A. Vallance
A. Hallam M. King
J. Patrick M. Stewart 9
W. Morrison 17 A. Stewart 9

Total

J. M. Boyd spoke of the enjoyment and friendship resulting among the ever-increasing number of bowlers, and D. Robertson expressed pleasure at the growth and future prospects of both the Burnside and C.P.R. clubs.

Lead In First Half Gives Wilson Trophy To Victoria Golfers

Colwood Won Second Half of Match Yesterday But It Was Not Sufficient

Graham-Graham Beats Beasley City Champ; Victoria "B" Team Close Victors

Despite a valiant uphill battle by the Colwood Golf Club yesterday the Biggerstaffe Wilson trophy will remain in the possession of the Victoria Golf Club for the next season. In the second half of the match played yesterday at Colwood the home team scored a victory by a margin of five points, but this was not sufficient to offset the big lead piled up by Victoria at Oak Bay earlier in the season.

In the singles in the morning Colwood scored 11½ points to Victoria's 8½. One of the outstanding features of the singles was the defeat of Art Beasley, recently crowned city champion, by J. Graham-Graham.

In the four-ball matches in the afternoon Colwood again came out victors, this time the margin being two points in their favor. 11 to 9. The total score for the day was Colwood 22½ points, Victoria 17½. In the first half of the match played at Oak Bay the Victoria team gained a big lead, the scores being Victoria 30½ points, Colwood 9½. The scores for the two halves were Victoria 48 points, Colwood 32. The margin of victory for Victoria was 16 points.

The scores yesterday, with the Victoria players named first in each case, were as follows:

SINGLES
A. V. Macdon 1, F. Thomas 0.
J. R. Matson 1, R. J. Darcus 0.
A. G. Beasley 0, J. Graham-Graham 1.
N. Thornton 0, P. F. Wilson 1.
J. H. Wilson 1, L. Lineham 0.
A. T. Goward 1, Geo. Simpson 0.
A. H. Ford 0, C. I. Mackenzie 1.
H. Haynes ½, G. M. Terry ½.
J. E. Wilson ½, H. P. Hodges ½.
M. Musgrave 0, C. S. Gallin 1.
H. J. Davis 0, J. N. Findlay 1.
W. Pemberton 0, C. P. W. Schwenckers 0.
J. A. Rithet 0, J. M. Wood 1.
J. D. Wilson 0, A. Muir 1.
S. Haynes 0, Dr. Bryant 1.
Comte J. de Suzannet 0, C. S. Whitting 1.

FOURBALLS

A. V. Macdon and J. R. Matson 0, J. A. T. Goward and Geo. Simpson 2.
A. G. Beasley and N. T. Fell 2, J. Graham-Graham and F. F. Wilson 0.
J. H. Wilson and A. T. Goward 0, L. Lineham and Geo. Simpson 2.
A. H. Ford and H. Haynes 2, C. I. Mackenzie and Geo. Wilkinson 0.
J. E. Wilson and C. Musgrave 2, H. P. Hodges and T. C. S. Gallin 1.
H. J. Davis and W. Pemberton 2, J. N. Findlay and C. P. W. Schwenckers 0.
J. A. Rithet and Dick Wilson 0, J. M. Wood and A. Muir 2.
S. Haynes and J. de Suzannet 0, Dr. Bryant and C. S. Whitting 2.
J. E. Wilson and J. D. Virtue 1, J. H. Richardson and T. S. McPherson 1.

D. A. Hogg and L. S. V. York 0, W. Rasmussen and W. W. Hall 2.

TEAMS IN CLOSE MATCH
The "B" teams of the two clubs engaged in a match at the Oak Bay links and Victoria survived by a margin of two points after an extremely close competition.

In the morning Victoria scored twelve points to Colwood's eight, but in the four-ball matches in the afternoon Colwood outscored Victoria by 11-9. This made the total for the day, Victoria 21; Colwood 19.

In the first half of the match played at Colwood in the Spring, Victoria won by 22 points to 27. In the two halves Victoria won by 53 points to Colwood's 46.

The scores with the Colwood players named first in each case, were as follows:

SINGLES
Dr. George Hall 0; Dr. W. T. Barrett 1.
J. H. Beatty 0; A. E. Haynes, (Captain) 1.
Dr. Haynes 0; J. V. Scrivener 1.
A. Sheret ½; W. L. McIntosh ½.

Lassoed Channel Swimmer To Save Her With Record in Sight

Dover, Eng., Sept. 20.—Mercedes Gleitz, the London typist, made a gallant but vain effort to swim the English Channel and win £1,000 Sunday afternoon. She reached a point two miles off St. Margaret's Bay after swimming 10 hours and 51 minutes from Cape Griz Nez. Her trainer realized it was a hopeless task for the girl because of the coldness of the water and urged her to give up but she would not. At last her attendants fearing a collapse and a tragedy, lassoed her arms and removed her half-conscious from the water.

Trying to Bring Cincinnati Through

MGR. JACK HENDRICKS

Although Cincinnati are in second place to-day in the spectacular race for the National League pennant they still have a splendid chance to cop the honors, being but one game in rear of the St. Louis Cardinals. Hendricks, manager of the Reds, is handling his club in remarkable style. He took charge following the death of Paddy Moran and has done very well. There are many fans who would like to see Cincinnati win, very well. There are many fans who would like to see Cincinnati win, very well.

TEN ROUNDS WITH DEMPSEY

By JOE WILLIAMS
(Copyrighted 1926 by Nea Service Inc.)

Jack Dempsey is a two-handed fighter. Probably he is the best two-handed fighter the heavyweight division ever had. One hand is about as dangerous as the other.

In his fight with Jess Willard, when he won the title, he knocked the towering Kansas down with a left hook under the heart. When Willard had the target of the Dempsey sent him bouncing again with a right to the temple.

When Dempsey started he was, like most untutored fighters, strictly a right-handed swinger. Jack Kearns made him over into a two-handed fighter by tying his right hand to his side and forcing him to battle sparing partners with his left alone.

Dempsey admits that it was in this way that he developed the peculiar weaving and bobbing style which makes him such an elusive target. The "double left" is invariably effective against big, slow men handicapped by arm sluggishness.

While there is just as much dynamite in one hand as the other, Dempsey thinks his left is his best weapon because he can hook and jab and uppercut with it. On top of this he can punch faster with his left than his right.

ON ORDER OF FITZ
Oldtimers say that Dempsey's attack is not much different from the one that Bob Fitzsimmons used to use. Bob used to shoot left hooks at the head and the body, using his right mainly to smash against the heart, or rather just at the edge of the ribs under the heart.

Dempsey goes after these vulnerable points, too. And, like Bob, he shoots most of his salvoes from a shift position—that we were talking about in an earlier paragraph. Because Dempsey is faster than Fitz he can take Jim Corbett's word for that.

Dempsey uses what you might call a double-barreled shift. He starts it from either side. Almost every succession of blows he strikes is delivered in a shift movement, for he steps forward with every punch and thus throws himself into shooting position with his other hand.

Dempsey does most of his execution with his left hook. He has a remarkable double punch with his left (modeled so I am told by the greybeards) after that of his namesake, the Nonpareil Dempsey is the only fighter in the game to-day who uses

the "double left" with consistent effect.

The "double left" is one of the most successful punches in a boxer's repertoire when perfectly executed, and is little more than waste motion when imperfectly applied.

The punch is first driven to the stomach and then curved upward to the jaw. If the midriff is unprotected the receiver must take a skin-searing left to the body.

BETTER THAN "ONE-TWO"
To protect the stomach the opponent must bring down his guard. This obviously leaves the jaw exposed. The "double left" has greater winning possibilities than the highly esteemed one-two, which is, as everybody knows, a left lead followed by a right cross.

Only the quick hitters have any business trying to manipulate the "double left." Ox-men like Willard and Firpo could never use it. The "double left" is invariably effective against big, slow men handicapped by arm sluggishness.

Veteran ring followers say George Dixon had the best "double left" in the history of boxing, a "double left" which he used in both ways, overhand from jaw to body, and upwards from body to jaw. Dempsey lacks this versatility. Invariably he shoots from body to jaw.

Soccer Teams Will Play Friendly Game
Rennie & Taylors and the Navy will engage in a friendly soccer match on Wednesday afternoon at the Royal Athletic Park at 3 o'clock. These teams are entered in the Western Football League, and are anxious to have a practice before the opening of the season. Rennie & Taylors will line up as follows:

Dixon: Gilbert and Tappan; Jeffries, McKinnon and Stewart; Caslick, Speak, Taylor, Collier and Davies.

Bob Dunn Down in One
Bob Dunn Jr. won for himself a chair in the Hole-in-One Club on Saturday by sinking his tee shot at the sixteen green at the Uplands Golf Club. He performed the trick at this tricky hole with a masher. Bob was playing a singles match with J. B. Shaw at the time of his memorable effort.

Giants Cut Lead Of St. Louis To Single Game By Close Win

New York Squeezes Through to Victory Before 40,000 Fans; Pittsburgh Win

Yankees Defeat Cleveland and Increase Their Lead to Another Full Game

New York, Sept. 20.—The New York Giants reduced the lead of the St. Louis Cardinals in the National League to a full game yesterday by winning the opening series by 6-5 before more than 40,000 fans.

It was the third straight game that the Giants have taken from the Western contenders by a single run margin. MacQuillan hurled a steady contest for New York with the exception of the fifth inning, when St. Louis bunched five of its twelve hits for three runs. Haines started for the visitors but was ineffective and his successor, Sherdel, yielded what finally proved to be the deciding run.

After losing three straight to the Robins, Pittsburgh turned about to-day and defeated Brooklyn, 7 to 4, in the final meeting between both clubs this year. Ray Kremer hurled effectively and, winning, hung up his 19th victory of the season.

Yesterday's results were:

NATIONAL LEAGUE
Pittsburgh 7, Brooklyn 4.
Batteries—Kremer and Smith; Grimes and Hargreaves.
St. Louis 5, New York 6.
Batteries—Haines, Sherdel, H. Bell and O'Farrell; McQuillan and McMullen.

New York, Sept. 20.—After losing four straight games to Cleveland, New York rallied yesterday and defeated the Indians, 5 to 3, in their home park, the Yankees increasing their lead in the American League race to 3½ games. The victory was the result of the batting of first baseman Gehrig, who made three doubles and a homer, driving in four runs and scoring one. Ruth made two hits, one a home run inside the park, his 43rd of the season.

Pinch hitters decided yesterday's Washington-Detroit game in favor of Detroit, 8 to 6. The Tigers overcame a one-run lead in the ninth when Naun and Cobb hit safely in pinch roles for Collins and Fothergill, respectively.

ST. LOUIS TRIMS ATHLETICS
The St. Louis Browns came from behind to win from the Philadelphia Athletics yesterday, 5 to 4, in ten innings. Robertson brought in the winning run when he doubled, advancing to third base on Gehrig's sacrifice and went home after Williams flied out.

Chicago made a clean sweep of the five-game home series with the Athletics yesterday, 6 to 3, in three, and running their winning streak to six straight.

Yesterday's results were:

NEW YORK
New York 6, St. Louis 5.
Batteries—Reuther, Shawkey and McCall; Leaven, Shaute and Schell.
Washington 7, Detroit 6.
Batteries—Johnson, Thomas, Morrell, Crowder and Rut, Tate, Collins, Daus, Whitehill and Woodall.

LOUISVILLE GAIN PENNANT
Louisville, Ky., Sept. 20.—Louisville, 1925 champion, clinched the American Association pennant yesterday by defeating Milwaukee, runner-up, 7 to 2, in the first game of a double-header.

The Toronto International League Club in the "little world series."

Score—Milwaukee, 2-7; Louisville, 7-4. Second game called and sixth to catch train.

St. Paul 8, Toledo 3. Second game postponed, rain.

Minneapolis, 11-9, Columbus 4-7.
Kansas City 4-3, Indianapolis 1-4.

COAST LEAGUE
Yesterday's results were:

Seattle 15, Hollywood 11.
Batteries—Elliott, Powers and Jenkins; Hollerson and Cook.

Seattle 11, Hollywood 11.
Batteries—Hasty and Baldwin; Jenkins; Hulvey and Peters.

Mission 4, Los Angeles 0.
Batteries—Ludolph and Whitney; Kruse and Baker.

Mission 7, Oakland 3.
Batteries—Pilleffe and Walters; Dickerman and Root.

Los Angeles 5, Sacramento 2.
Batteries—Yarrison, Glaxner and Hannah; Vinci and Koehler.

Los Angeles 0, Sacramento 1.
Batteries—Strand, Ray and Hannah; Keating and Koehler.

Coville and Hearne Best Golf Pair in Vancouver Golfdom

Vancouver, Sept. 20.—Cecile Coville, amateur, and Roy Hearne, professional, representing the Hastings Park links, are the best combination in the city. They established themselves as 1926 champions in the first annual pro-amateur tourney at the Marine Drive Golf and Country Club course yesterday, when they turned in a medal score, best ball, of 142, in a thrilling finish. Jimmy Hush and Harry Duke, of the home course, fell one stroke short, taking a five on the eighteenth.

Third place went to F. Wood, amateur, and Charlie Perkins, professional, of Vancouver Golf and Country Club. They tied with Knox Walkem and Dave Black, of Shaughnessy, with 144, but on the toss of a coin the Burnaby pair carried off third prize.

Incogs Too Strong For Runners-up In Exhibition Match

Albions Defeated by Innings and 35 Runs; Goodwin's Eleven Beats Payne's Team

Continuation of the fine Summer weather has made the cricketers loath to put their bats away. Although the regular playing season has ended, friendly matches are still being played.

On Saturday the Albions tried their luck with the Incogs, league champions, and suffered a bad beating. The Albions were runners-up to the Incogs. Although the Incogs only put on 12 runs they won by an innings and 35 runs, the Albions scoring but 58 in their first knock and 42 in their second effort.

Play progressed to the other end and Goodwin's eleven defeated the team captained by Percy Payne by 150 to 58. The scores of the two matches were as follows:

Seattle Net Team Remains Supreme in Northwest Tennis

Seattle, Sept. 19.—Climaxing its 1926 season in Northwest tennis circles by a sensational victory on Saturday, the racketeers of the Seattle Tennis Club turned back the last threat to its supremacy when they defeated the Laurel Tennis Club of Vancouver, B.C., in a Starr-Reynolds-Starr match, five matches to nil.

Using its most powerful team, Seattle crushed the Canadians in every match of the "endurance" test. Howard Langille swept through George Sparling, second man, with the loss of six games in two sets. But the Seattle youth, who just returned from his Eastern tour of the major tournaments, encountered some of the resistance he met at Vancouver in winning the British Columbia clay

court title early this season against Gordon Shields. Langille took the battle in three sets at 7-5, 1-6, 6-3. Captain Leon De Turenne found the competition much to his liking. Turenne may have his troubles in California but as far as the Northwest is concerned he is the champion of Canada. The flashy Seattle stepper ran through Shields in his first match at 6-2, 6-3, and then polished off Sparling in straight sets, 6-3, 6-2.

Whitcomb, Quillan and Windy Langille, a new Seattle combination beat Shields and Sparling in doubles, 6-3, 3-6, 6-1. Dr. Nicholson, Vancouver Club president, defeated President Orval Tupper of Seattle, 6-4, 4-6, 6-1.

TWICE-A-DAY

REMOVE FILM FROM TEETH IS PRESENT-DAY DENTAL ADVICE

The FILM ON TEETH to Which Most "Off-Color" Teeth and Many Serious Tooth and Gum Disorders are Ascribed

BECAUSE tooth and gum disorders are now scientifically traced largely to a film that forms on teeth, which ordinary brushing fails to remove successfully, a radically different way in tooth cleansing is being widely adopted.

Run your tongue across your teeth and you will feel a film—a slippery, viscous coating.

Film absorbs discolorations from food, smoking, etc. That is why, according to leading dental opinion, teeth look dingy and "off color."

Film clings to teeth, gets into crevices and stays. It invites and breeds the germs of decay. And that is why it is judged so grave a danger to the teeth by authorities.

Film is the basis of tartar. And tartar, with germs, is the chief cause of pyorrhea. That is why regular film removal is urged as probably first in correct gum protection.

Most dental authorities urgently advise thorough film removal at least twice each day. That is, every morning and every night.

For that purpose, obtain Pepsodent, the special film-removing dentifrice which leading dental authorities favor. Different from any other tooth paste.

Pepsodent curdles the film, then removes it; then polishes the teeth in gentle safety to enamel. It combats the acids of decay and scientifically

firms the gums. It multiplies the alkalinity of the saliva. And meets, thus, in all ways, the exactments of modern dental science.

On dental advice, people are adopting this new way of tooth cleansing. Obtain Pepsodent, the quality dentifrice, at drug stores. Two months' supply at a moderate price—or send coupon for 10-day tube. Use twice every day. See your dentist twice each year. Make tooth a habit.

Rifle Shooting

The Victoria and District Military Rifle Association held their usual weekly practice at the Hoof's ranges on Saturday. Shooting started at 200 yards in an effort to overcome the bad light which is usual at 600 yards. The innovation, however, did not meet with general approval, nor serve the purpose for which it was introduced. Master Gunner Collings and C.S.M. Wood of the Garrison shared the honors for high score with 101 each.

Master Gr. H. Collings	22	25	24	101
C.S.M. W. H. Wood	23	25	23	101
Capt. G. C. Holland	24	24	20	98
C.Q.M.S. A. E. Ashe	22	22	21	96
Pte. J. Hutchinson	21	23	21	95
C.Q.M.S. D. Byrie	23	21	29	93
S. Sgt. W. B. McKay	28	21	22	91
Maj. F. R. Richardson	21	21	29	91
Capt. W. E. Tapley	20	20	20	90
Pte. W. T. McGibbon	26	22	21	89
Cdt. Sgt. L. Bong	29	20	20	89
Sgt. C. Coutts	26	29	21	86
Pte. C. J. Coutts	27	29	28	84
Sgt. R. W. Beaumont	28	26	22	82
Pte. F. Boyd	27	20	23	80
A. W. Evans	27	20	23	80
Pte. A. E. Evans	24	25	28	75
Pte. H. E. Beatty	21	25	18	75
Col. Pringle	20	20	13	63

Members of the association are reminded that the annual general meeting of the association will be held in the Armories to-morrow at 8 p.m. for the purpose of electing the officers and executive council for the ensuing year.

All members of the various regimental units should make an effort to be present.

J. E. Wilson Winner of First Competition

There were thirty-four entries for the first monthly competition of the Victoria Golf Club played at Oak Bay on Saturday and J. E. Wilson was returned the winner with a gross score of 78, net 67. An unusual feature of the play was that Beasley, Fell and Matson, each with a handicap of six, had a gross score of 77. The scores follow:

J. E. Wilson	78	11	67
L. S. V. York	83	14	69
R. B. Wilson	82	12	70
C. E. Wilson	84	14	70
A. G. Beasley	77	6	71
N. Thornton Fell	77	6	71
J. Matson	77	6	71
A. S. G. Musgrave	84	14	72
G. V. J. Greenhill	97	24	73

W. E. Cathels	92	17	75
C. W. Pangman	92	17	75
H. P. Bagley	96	20	76
W. A. E. Hadley	92	16	76
Clarke Gamble	93	16	77

Your next classified ad should be interesting reading to the people who are hunting for better apartments.

STEALS HIS BOSS'S THUNDER

GEORGE BURNS

Two years ago Tris Speaker, manager of the Cleveland Indians, smacked out fifty-nine two-base hits, which went into the books as a record. This year George Burns, first baseman of Cleveland, started hammering out two-baggers at the start of the season, and as it wore along the fans began to expect him to overtake his boss. Last week Burns cracked out his sixtieth double, which gave him a record, and shortly afterwards he connected for two more. There is a possibility that he will reach the sixty-five mark, which will take a lot of shooting at.

WILL BROADCAST

Philadelphia, Sept. 20.—The newspapers of the country will not be shut out from broadcasting the Dempsey-Tunney fight they received over their wires from the ringside.

This statement was made yesterday by E. L. Austin, director general of the Sesqui-Centennial exposition. It had been given out by Tex Rickard, promoter of the fight in the Sesqui-Centennial stadium next Thursday night, that the broadcasting rights would be leased and that if newspapers broadcast the fight from their own sources it would constitute an infringement. Mr. Austin said he saw no possible way in which Rickard could prevent broadcasting and added that if the promoters attempted to do so, the Sesqui-Centennial officials would not permit it.

Canadian- and proud of it

"CEETEE" Underwear is a Canadian achievement. It is made of the finest imported wool, and in every respect, is the peer of the world's finest underwear. Naturally we are proud of "CEETEE" and the ever-increasing volume of sales proves that the Canadian people appreciate "CEETEE" quality, too.

One way to make quite sure of getting underwear comfort and fit, coupled with exceptional wearing qualities, is to make a habit of asking for Canada's finest — "CEETEE" Underwear.

Made in Canada by
THE C. TURNBULL CO. OF GALT, LTD.

Sold by the best dealers in a wide range of styles and sizes, plain and ribbed, for men, women and children.

Sooke

Special to The Times

Sooke, Sept. 20.—Mr. and Mrs. Cauch, who have been occupying a bungalow belonging to Mr. Jackson of Saseeno, have now returned to Victoria.

Mrs. Henry Fisher and Miss Fisher have gone to Crofton to visit Mrs. Fisher's married niece there.

Mrs. A. E. Dunlop of Victoria is spending a month at her summer home in Saseeno, her mother, Mrs. Finnie, who has recently come from New York and Montreal, is her guest.

Mrs. Kelly entertained a number of friends with tennis and tea at the Belvedere Hotel on Sunday; those present were Mr. and Mrs. MacNab, Dr. and Mrs. Calvert, Miss Eden, Captain Andrew Hamilton, Col. and Mrs. Holroyd, Major and Mrs. Stacey, Fred Hamilton, Mr. and Mrs. Tristram Willett, Mr. Holroyd and Guy Holroyd.

Mrs. Halkett and sons are visiting in Victoria.

Captain Troyce is back from the East coast of the island, and visited his home in Saseeno.

Mr. and Mrs. Peter Grainger, who have bought a house and are residing in Fairfield, Victoria, are spending the week-end in Sooke. Their two daughters are with them.

Ned Lee-Warner is home for the week-end.

Mrs. Donaldson, who has been

spending the summer up the island returned home on Thursday.

Miss Florence Muir has been visiting in Duncan.

BOY FELL OUT OF MOVING AUTOMOBILE

Youth in Vancouver Rendered Unconscious; Carried Away by Companions

Vancouver, Sept. 20.—Knocked unconscious when he fell to the pavement from a moving automobile in which he had been riding in this city with several other youths, an unknown lad was spirited away by his companions last night. Police are conducting an investigation into the case.

Thomas Athans reported to the authorities Sunday night that while standing at the corner of Pender and Trinity Streets he had noticed a lad fall out of an automobile. Reaching the boy's side, Athans found him unconscious and was going to call an ambulance when the automobile from which the lad fell returned. The youths picked up the form of their unconscious companion, put him into the car and drove away.

Lord Long Visitor In Terminal City

Vancouver, Sept. 20.—Rt. Hon. Lord Long, one of the Conservative leaders in Great Britain, is a visitor in Vancouver. He arrived on Sunday with Major R. Glyn and Thomas Glyn.

Lord Long, better known to fame a decade ago as Rt. Hon. Walter Hume Long, held office in the Coalition Government during the World War.

His present visit to Canada is understood to be largely a vacation tour.

NORTH WARD SCHOOL HIS HIGH HONORS

Prizes Presented at Commencement Exercises Friday

Commencement exercises were held in the assembly hall of the North Ward school on Friday afternoon. S. J. Willis, superintendent of education, presented the Governor-General's bronze medal to Kenneth Ross McKenzie, who won first rank in the Victoria district at the entrance examination.

Entrance certificates were presented to the successful pupils of last school year by Inspector A. C. Stewart, and the Rev. J. P. Westman.

Mr. Westman also presented writing diplomas to representatives of Grades VII and VIII. The pupils of these grades having won first rank in the Province.

Reference was made to the fact that William Gibson and Ross Jung, pupils of this school, had won first and second places in the Stevenson Memorial essay competition on "The Year's Progress Toward World Peace."

A silver cup recently donated by Jim Bryant, bicycle and radio dealer, Douglas Street, for competition among the schools of the city and district, was presented to Robert Spaven, captain of the successful Junior boys' basketball team.

The Vancouver City L.O.E.D. cup for the best cadet corps in B.C. was presented to Capt. Williams by General Ross.

Ex-Lieutenant-Governor Nichol's silver shield for the best public school cadet corps in Victoria was presented by Dr. Donald.

The British Campaigner's shield for the best public school cadet corps in Greater Victoria was presented by Colonel Lorne Ross.

Seventeen Junior First Aid certificates were presented by Colonel Drum to boys who were successful in passing the Junior First Aid examination.

Four St. John's Ambulance bronze medals were presented by Dr. Donald to a team of four boys who ranked second in the Province.

A silver cup donated by the instructor, Lieut. Kipling, to the cadet ranking first in the First Aid class was presented to Walter Scott by Captain Cumming.

Another silver cup donated by the instructor, Lieut. Creelman, for the cadet ranking first in signalling was presented by Capt. Cumming to Akira Kumabara, the winner.

Major Wilby, in charge of cadets at the High School, donated and presented a silver cup to the school in recognition of the fact that the school last year ranked first among all cadets in that institution.

Many complimentary remarks were made by the different speakers on the remarkable success of the cadet corps under its efficient instructors, Lieutenants Creelman and Kipling. The exercises closed with cheers for the guests and the singing of the National Anthem.

ESQUIMALT COUNTRY FAIR A SUCCESS

Good Sums Realized For War Memorial Fund

The Esquimalt Country Fair committee held a meeting at the home of Mrs. Booth, convenor, on Friday, September 17, at 8 p.m., when the representatives of the several organizations interested in the Esquimalt War Memorial met for the purpose of considering and closing the accounts. The secretary-treasurer, G. W. Brooker, presented the balance sheet, showing the amounts received by the different stalls, which testified to the interest taken in the fair.

The total receipts amounted to \$244.69. Expenses, which include the fee for the judge at the dog show amounted to \$24.64, leaving a balance of \$220.05, which has been placed in the bank to the credit of the War Memorial Fund.

The committee wish to thank all those who so kindly donated merchandise, those who donated useful articles for the stalls, and the Victoria Kennel Club for holding the dog show.

The convenor, Mrs. Booth, proposed a hearty vote of thanks to the members of the committee which worked so hard to make the fair a success. This was seconded by the Rev. Canon Stocken, who was present at the meeting as chairman of the war memorial committee.

A member of the committee reported that several inquiries had been made as to a dance to start the social events for the cool evenings, and it was decided to hold a masquerade dance in the Rex Theatre on Wednesday, September 22, dancing from 8 to 12.

The winner of the doll's bed and Douglas twins will be announced at the dance. A meeting will be held on Monday, September 27, at 8 p.m., at the home of Mrs. Booth, to complete arrangements.

Col. H. J. Dawson of Kingston Died

Kingston, Ont., Sept. 20.—Word was received here of the death of Col. Herbert J. Dawson, director of studies at the Royal Military College, following an operation performed in the Royal Victoria Hospital, Montreal.

Col. Dawson was born in Birkenhead, England, in 1876, and came to Canada as a very young man. He was appointed instructor at the Military College here in 1901 following his graduation from Toronto University, and except for his service during the World War he had been on the college staff since that time.

He served during the war with the 59th and 46th Battalions, commanding the latter in France.

BEJ FOR SOUR STOMACH

DROWNING VICTIM

Henry Bruce Bell

One of the Victims in the Drowning Accident Which Occurred at Shawnigan Lake Recently, When Three Lives Were Lost by the Capsizing of Their Boat While Crossing the Lake

None of the bodies have been recovered although every effort has been made. Mr. Bell was held in high esteem and his death in Shawnigan is a distinct loss to the community.

Mr. Bell was the eldest son of Mr. and Mrs. H. H. Bell, who have resided at the lake for seventeen years. He was born at Whitewater, Manitoba, June 5, 1899, and arrived in Victoria with his parents in 1910. The family moved to Shawnigan early in that year, taking up land and building a home. Mr. Bell Sr., carrying on his profession as a stonemason. The deceased received his education at the Shawnigan public school, being considered a particularly bright scholar. After leaving school he obtained employment with the Shawnigan Lake Lumber Company continuing his studies with the view of becoming an engineer.

He received his first papers as engineer in 1918, and was given charge of the company's tug and later charge of one of the donkey engines in the logging camp, which position he filled at the time of his untimely death. He was a general favorite, active in all many sports and a charter member of Court Shawnigan No. 5288 Ancient Order of Foresters.

He leaves a widow to mourn his loss, having married Miss Sadie McGregor, youngest daughter of Mrs. McGregor, Bay Street, Victoria, on May 25, 1925.

WAGE REJECTIONS IN BRITAIN FAR SURPASS INCREASES

London, Sept. 20.—During July employment continued bad in Great Britain, owing to the costliness of the coal strike. The industries most seriously affected were those dependent on large supplies of coal, namely, pig iron, steel, tinplate, pottery, building, engineering and shipbuilding.

In the tinplate, engineering and shipbuilding industries there was a very slight improvement during the month, the building trades and agricultural employment were generally good.

According to figures sent by Bankers' Trust Company of New York, from its British Information Service, of approximately 11,900,000 persons insured against unemployment under the Unemployment Insurance Acts in Great Britain and Northern Ireland, at the end of July, 1926, 14.6 per cent. were unemployed as compared with 14.7 per cent. unemployed at the end of June. The total number of applicants for employment registered at the employment exchanges in Great Britain and Northern Ireland was about 1,664,000, of whom 1,226,000 were men and 438,000 were women, the remainder being boys and girls. This compared with a total of 1,593,000 applicants at the end of June and with 1,262,000 at the end of July, 1925.

The figures for June and July of this year are exclusive of workers in the coal mining industry, who ceased work on account of the dispute.

The general stoppage of work in the coal mining industry, which began on May 1, continued during July and involved over 1,000,000 workers with a loss of about 23,000,000 working days. Up to the end of July the aggregate number of working days lost by workers taking part in the dispute was 66,000,000. Besides the coal mining dispute there were ten trade disputes reported to the Department of Labor as having begun in the month, and fourteen additional disputes which began before July. These disputes involved some 2,000 workers, including those thrown out of work at the establishment where the disputes occurred, though not themselves parties to the disputes, and the estimated duration of such disputes aggregated 18,000 working days.

In those industries for which statistics are regularly compiled, the changes in rates of wages reported to have come into operation during July resulted in a reduction of £21,700 in the weekly full time wages of about 310,000 workers, and in an increase of £4,400 in those of 100,000 workers. During the first seven months of 1926 the changes reported resulted in net increases amounting to £12,500 in the weekly full time wages of 206,000 workers and in net reductions of £84,000 in the wages of 925,000 workers.

The Young People's Club of the South Saanich United Church will hold the bi-monthly meeting at the church on Wednesday evening, September 22, at 8 o'clock, in place of the regular night, Monday, and the evening will be in charge of Mr. A. Hafer of the athletic committee.

The South Saanich Farmers' Institute met for the month of September in the Temperance Hall on Thursday evening with the vice-president, Mr. C. B. McCarthy, in the chair. The minutes of the previous meeting were read by the secretary, Mr. George Spencer, and after a short business session a most interesting address on "Rabbits and Goats" was given by Mrs. Symonds. In the address Mrs. Symonds told of the proper feeding, marketing and preparing of the skins and great interest was taken by the present meeting, questions being asked. After a vote of thanks to the speaker, the meeting adjourned and refreshments were served by the ladies.

Keating

Keating, Sept. 20.—The monthly meeting of the South Saanich Women's Institute took place in the rooms at the Temperance Hall on Thursday evening. In the absence of the president, the business was conducted by the vice-president, Mrs. H. E. Tanner. The meeting was opened with silent prayer, after which the secretary, Mrs. Styan, read the minutes of the previous meeting and the correspondence. A letter announcing the opening of the Solarium was received from the Solarium committee. Reports were given by Mrs. J. Young of the school committee and Mrs. Styan from the Local Council of Women, also from the treasurer, Mrs. F. Young.

Upon a suggestion that the institute entertain the children at Christmastime it was decided that a Christmas tree entertainment be arranged for the children of the district. The members were in favor of asking the junior institute to assist with the affair and to act with the following appointed committee: Mesdames Sutherland, Warner, J. Young, Gliddon and Randall.

A very interesting paper on "Neighborhood Needs" was given by Mrs. J. J. Young. This was followed by a lengthy discussion as to ways and means of making social entertainments and gymnasium and sports for the young people, which will be further considered at a later date. After a vote of thanks to the speaker, Mrs. Young for her paper, the meeting adjourned and refreshments were served by the hostesses, Mesdames Randall, Young and Gliddon.

The second of the Winter series of fortnightly card tournaments was held in the Temperance Hall on Saturday evening, when the South Saanich Women's Institute members were hostesses, the committee in charge being Misses Janet Sherring, Hilda Styan, Ora Young and Florence Hamilton. Although the crowd was not as large as usual, an enjoyable time was spent in military five hundred, the first prize winners being Mrs. Sherring, Mrs. P. Goodwin, Mr. F. Tanner and Gordon Mitchell. After cards, refreshments were served by the convenors and a social hour was spent.

Mrs. F. Goodwin, of Victoria, spent the week-end visiting at the home of her parents, Mr. and Mrs. C. T. Styan, Central Saanich Road.

The Young People's Club of the South Saanich United Church will hold the bi-monthly meeting at the church on Wednesday evening, September 22, at 8 o'clock, in place of the regular night, Monday, and the evening will be in charge of Mr. A. Hafer of the athletic committee.

U.S. TOURISTS SPEND QUARTER BILLION IN FRANCE DURING YEAR

'Invisible' Exports to America Run up to Big Proportion of Total Exports

Paris, Sept. 20.—Out of 100 Americans traveling in France in 1925, two were millionaires, eighteen were classified as belonging to the wealthy classes, forty-four were persons traveling on business, such as manufacturers, merchants, etc., eight traveled for pleasure, and twenty-eight were students, teachers and holiday-makers in general.

According to figures sent from here to the Bankers Trust Company of New York from its French Information Service, the French National Tourists Office, in collaboration with the Department of Trade in Washington, has calculated the average expenditures in France of American tourists in each of these classes.

Thus the average expenditure of the "millionaires" is estimated at \$5,000, wealthy persons are supposed to spend an average of \$1,750 each, tourists combining business and pleasure \$1,500—while the average expenses of students and holiday-makers are estimated at \$425 each, and the aggregate expenditure of each 100 American tourists is calculated at a total of \$102,800.

As there were 220,000 tourists from the United States in France in 1925, their total expenses are computed at \$22,616,000, or (taking the average rate in 1925 of 22 francs to the dollar), 4,975,520,000 francs.

The tourists' "visible" exports in 1925 totalled 45,413,550,000 francs. The above rough estimate shows that her "invisible" exports to the United States are equal to a sum equal to 9.12 per cent of her "visible" trade, and in view of the marked increase in the number of tourists in the present year and the higher average present rate of the dollar, "invisible" exports to the United States alone are expected to exceed 8,000,000,000 francs in 1926.

When the will was probated estimated—of his wealth—ranged from \$5,000,000 to \$20,000,000. Mr. Deering's James R. Deering of New York, executor under the will, in the probate court at Portsmouth.
